

# PEACE BILL PASSED BY SENATE

## ENDS STRIFE BETWEEN U. S., GERMANY NOW GOES TO PRESIDENT

(United Press Leased Wire)  
WASHINGTON, July 1.—The senate late today adopted the  
resolution on the peace resolution.  
The vote was 38 to 19.

It now goes to the White House for the President's  
signature.

## JAY T. BARETT TO GO TO CUBAN PRESIDENT

(United Press Leased Wire)  
DALLAS, July 1.—What  
was held to be a plot to  
assassinate President  
Harding in various  
Latin American cities  
today has unfolded to  
show that Charles Gunning  
was the man who  
planned the attack on  
the president.

He declared  
that he was not  
involved in the  
plot and that he  
was not a member  
of the organization.

"I was only a  
member of the  
organization," he  
declared. "I was  
only a member of  
the organization."

## S. F. WOMAN SLAIN AND BROTHER BADLY HURT AS MAN RUNS AMUCK

SAN FRANCISCO, July 1.—Mrs.  
Emma Darray was shot and killed  
and her brother, Harry, was  
seriously wounded today when  
Guiseppi Rizzo was alleged to have  
become suddenly crazed and to have  
opened fire at the Darray home.

A few hours after the shooting,  
Rizzo, evidently demented, walked  
into the police station and demanded  
protection saying that some one was  
trying to kill him. He was placed  
under arrest.

## CLAIM BUBONIC PEST CASE DISCOVERED ON TRANS-PACIFIC LINER

TOKIO, Japan, July 1.—The Toyo  
Kaisha Kaisha trans-Pacific liner  
Tenyo Maru has been ordered into  
quarantine for ten days at Kobe, Japan,  
as the result of the discovery aboard  
her of an alleged case of bubonic  
plague.

The vessel was en route from Hong  
Kong to San Francisco via Kobe.

## ENSENADA NEW LOWER CAL. CAPITAL, PLAN

MEXICALI, Mex., July 1.—Governor  
Epigmenio Ybarra of the northern  
district of Baja California is expected  
to arrive here today from Mexico City.

Three Democratic senators voted  
for the conference report. They  
were Shields, Tennessee, Walsh,  
Massachusetts, and Watson, Georgia.  
All Republican senators present  
supported the measure.

It was at once hurried back to the  
house for the signature of the speaker  
and will be sent to the White House  
tomorrow.

Those who voted against the report  
were:  
Ashurst, Broussard, Caraway, Fletcher,  
Gerry, Glass, Harris, Harrison,  
Heflin, Hitchcock, King, McKellar,  
Overman, Ransdell, Robinson, Shepard,  
Smith, Swanson and Underwood.

Ten minutes after the senate ratified  
the peace report it was signed by  
the speaker of the house and Vice  
President Coolidge and then sent to  
the White House.

WASHINGTON, July 1.—Democratic  
senators opened a bitter attack  
on the provisions of the Knox-Porter  
peace resolution when the  
conference report on the measure  
was taken up today in the senate.  
The provision inserted in the resolution  
by the senate, reserving to  
the United States the right to demand  
payment from Germany for all  
claims for damage to United States  
citizens resulting from the war,  
was strongly attacked by Senator  
Walsh of Montana.

## LONG-WEATHERED RAIN HITS FIGHT CITY AS HOT DOGS PARKED IN THEIR KENNELS

(By HAROLD D. JACOBS)  
(United Press Staff Correspondent)  
JERSEY CITY, N. J., July 1.—  
The appearance of the arena today  
indicated that Old Man Noah should  
have staged the big fight instead of  
the Rickard.

The drizzling rain in which had  
continued through the night and fore-  
noon was increasing in intensity as  
the sun showed through the clouds.  
It was one of those long-weathered  
rain days which have been so  
characteristic of the season.

From the way in which the  
fighters were being introduced, it  
was evident that the fight was  
being staged in the rain.

Scores of workers  
were putting  
up the big  
tent which was  
to be used for  
the fight.

The thick fog  
which had been  
in the air for  
several days  
was still present.

The appearance of the  
arena today  
indicated that  
the fight was  
being staged in  
the rain.

The appearance of the  
arena today

St. Louis.....	6 14 3
Chicago.....	3 12 2
St. Louis-Haines, North, and Clemens; Dillhoefer; Chicago, Alexander and O'Farrell.	

## HOWAT, DORCHY FOUND GUILTY OF VIOLATING INDUSTRY COURT LAW

COLUMBUS, Kas., July 1.—Alexander Howat and August Dorchy, president and vice president of district number 14, United Mine Workers, were found guilty on a misdemeanor charge of violating the Kansas industrial court law by a jury here today.

The two were tried under a felony clause of the law, but District Judge Boss gave the jury both a felony and misdemeanor verdict to consider.

Howat and Dorchy were released immediately on bond pending appeal. The maximum penalty under the misdemeanor verdict is one year in jail and \$1,000 fine.

HARDING ON TRIP  
WASHINGTON, July 1.—President Harding today left for Senator Frelinghuysen's home at Raritan, N. J., where he will stay over July 4.

## Giant Crowd Waits For Start of Battle ARIZONA LEVEE IS OUT

## FIGHTERS ON TOES FOR GONG TAP

Arena Seating 91,000 Folk  
Ready as Seat Sale Total  
Now \$1,250,000

(United Press Leased Wire)  
The "fight of the century" today  
became a matter of hours and minutes.

The arena, seating 91,000 persons,  
was complete. The tarpaulin-covered  
ring was ready for the entry of the  
gladiators.

Nearly 1,000 policemen and firemen  
went through the final drills for  
handling the countless fight fans.

Ferry and rail lines rushed up their  
extra equipment to care for the great  
jam.

New York hotels were jammed  
until army cots were strewn through  
the halls.

Champion Jack Dempsey was to  
leave his training camp in secret to  
occupy secluded quarters in Jersey  
City until he goes to the arena.

Challenger Georges Carpentier  
remained hidden away in his Long Island  
camp, extra guards guaranteeing  
seclusion. He will leave by automobile  
tomorrow morning for Jersey City.

The betting odds still favored the  
champion, 3 to 1, with a slight tendency  
to decline.

The official weather forecast promises  
fair weather for Saturday.

JERSEY CITY, N. J., July 1.—  
Jack Dempsey arrived here from his  
training quarters in Atlantic city at  
4:20 p. m. today.

The champion made the trip in a  
private car on a regular train. The  
public had not known of his scheduled  
arrival and there was only the usual  
crowd at the terminal.

Dempsey even evaded these by  
leaving the special car—the last on the  
train—far down in the yards and  
entering a waiting taxi. It was  
reported he was taken immediately  
to the home of Mayor Hague.

By HENRY L. FARRELL,  
(United Press Staff Correspondent).  
JERSEY CITY, N. J., July 1.—  
Jersey City was the first capital of  
the world this afternoon.

The myriads were swarming into  
the city, bringing their tributes to  
be laid before the Great God of Fight.  
Thousands upon thousands of fight  
mad fans, merely the advance guard  
of the hosts which will march in tomorrow,  
were making their appearance.

Reno before the Jeffries-Johnson  
fight was a quiet one-way street  
compared with the rushing, crushing  
wave of humanity which beat up  
against the wooden walls of the  
arena where the "battle of the century"  
will be fought tomorrow.

Goldfield was an untouched village  
compared with rough-paved, ancient  
Jersey City, where 90,000 raving  
humans are gathering to see  
Jack Dempsey or Georges Carpentier  
crumple to the canvas.

Nothing discouraged these jostling  
fans.

Wet, dripping rain didn't worry  
them. They humped their shoulders  
and clung to the prophesy of "fair  
tomorrow."

Jersey City's meager hotel accommodations  
were overwhelmed. Private  
homes rented their rooms to  
strangers. The newcomers rushed  
out after depositing their baggage,  
determined to get their share of the  
last minute news on the betting, the  
weather, the condition of the fighters,  
the counter-rumors, the assertions  
and the denials which now fill  
the air until the roaring mob in the  
arena ceases its roar tomorrow  
when the timer's bell clangs and  
Jack and Georges slide crouching  
out to batter each other to earth.

## Register Bulletins and Extra Will Tell Battle

The Register is prepared to give its readers complete and rapid  
service on the Dempsey-Carpentier world championship bout in Jersey  
City tomorrow.

Bulletins, received by this paper over its United Press leased  
wire before, during and after the big battle, will be posted in The Register  
windows just as soon as they are received.

IN ADDITION, THE REGISTER WILL ISSUE AN EXTRA IMMEDIATELY  
AFTER THE RECEIPT OF THE "FLASH" THAT THE FIGHT IS OVER. AS THE  
PRELIMINARY WILL START IN JERSEY CITY AT WHAT WILL BE 9 A. M. PACIFIC COAST TIME  
AND THE MAIN EVENT WILL START AT WHAT WILL BE 11 A. M. PACIFIC TIME, THE FIGHT, IF IT GOES THE FULL  
TWELVE ROUNDS, SHOULD BE OVER BY 11:50 A. M. THE REGISTER'S EXTRA WILL BE ON THE STREETS A FEW MINUTES LATER.

United Press wires will be "cut in" directly into the ringside.  
The Register will receive, over its leased wire, blow-by-blow descriptions  
of the battle, as it progresses.

There will be a United Press man with each of the fighters constantly  
from early tomorrow morning until Dempsey and Carpentier enter the ring.  
Other United Press men will cover other details of the big battle.

Every detail of what the fighters do and say before, during and  
after the bout will be reported by the men and carried on the United Press  
wires.

## HINTS AT PLAN OF IMPEACHING N. J. GOV.

(United Press Leased Wire)  
JERSEY CITY, N. J., July 1.—  
A hint of possible impeachment proceedings  
was voiced today by Dr. Wilbur F. Crafts of the International  
Reform bureau, here to testify before a grand jury that the Dempsey-Carpentier fight will be in violation  
of the law.

"After the bout has taken place,"  
Crafts said, "there may be evidence for  
criminal action and there may be grounds  
for impeachment proceedings."

Crafts refused to elaborate on his  
statement or to verify rumors that the  
bureau would attempt to impeach  
Governor Edwards if the fight were to proceed.

Representatives of the reform bureau  
today failed in their attempt to stop the  
Dempsey-Carpentier fight.

Their efforts to obtain an indictment  
before the Hudson county grand jury  
were unsuccessful.

The grand jury was in session only  
a short time hearing witnesses, who testified  
the affair tomorrow was to be a prize fight and not a  
boxing exhibition.

## FEAR L. A. TONG WAR AS 'WRONG MAN' SHOT TO DEATH IN FIFE

LOS ANGELES, July 1.—Police  
were anticipating an outbreak of  
tong wars here today. Three factions  
are now involved as the result of the  
killing last night of the "wrong man,"  
by an alleged Sney Dong tong gun man.

Lung Sam Low, a cook, was shot  
four times through the back and neck  
while eating his supper in a local  
Chinese restaurant. He had been  
mistaken for Ah Juk, Bing Kong tong man.

Lung's friends were said today to be  
aligning themselves with the Bing Kong  
tong in war on the Sney Dong tong  
in retaliation for Lung's death.

## BILLY RITCHIE, FILM COMEDIAN, NEAR DEATH

LOS ANGELES, July 1.—Billy  
Ritchie, screen comedian, is near  
death here today. Physicians are  
not hopeful of his recovery.

Ritchie was internally injured two  
years ago when attacked by ostriches  
while engaged in making a comedy.  
He has been in ill health since that  
time.

Ritchie gained notoriety in the film  
industry some years ago because of  
the charges and counter charges  
passing between himself and Charlie  
Chaplin as to which was the originator  
of the comedy character made famous  
by the latter.

## SCORES IN RUSH TO REPAIR BREAK

Every Man in Yuma Valley  
Pressed Into Service  
to Halt Waters

(United Press Leased Wire)  
SOMERTON, Ariz., July 1.—The  
railroad levee along the Colorado  
river gave way for a distance of four  
hundred yards here early today.

The damage to crops in the district  
so far, including seepage which  
preceded today's break, is estimated  
at \$70,000.

The estimated loss to property of  
the United States, reclamation service  
today was set at \$25,000.

Every male resident of the Yuma  
valley has been pressed into service  
since 5 a. m., in a desperate attempt  
to repair the levee breakdown before  
it widens beyond control.

New trackage was being laid for  
rock trains under the supervision of  
Engineer R. E. Priest.

## "30" BULLETINS

MANHASSET, N. Y., July 1.—  
The arena in Jersey City at 10:45 a. m.  
tomorrow, it was announced here  
this afternoon. The challenger, it was  
stated, will eat luncheon at his training  
camp and then make his way to the  
arena, where he will board a private  
yacht—the identity of which is  
withheld—and land at Pier A, Ho  
boken. From the pier he will be  
escorted to the arena by motorcycle  
police.

## 8 PLANES TO CARRY FIGHT PHOTOS WEST

NEW YORK, July 1.—Eight air-  
planes carrying photographs of the  
Dempsey-Carpentier fight will race  
westward from Jersey City tomorrow  
rushing the pictures to newspapers.  
The contestants in this journalistic  
race will be one of the great news  
syndicates of the country, and newspapers  
in Pittsburgh, Cleveland and Chicago.

At Chicago the pictures will be re-  
layed to other planes and carried to  
the Pacific Coast. It is estimated  
Monday noon editions of newspapers  
on the west coast will carry photo-  
graphs of the fight.

The cameramen, as soon as they  
have snapped their pictures, will toss  
their "box" to messengers in automobiles  
waiting outside the arena, with  
engines running. They will race to  
the west side park, about a mile  
distant, where the aviators will be  
in their seats, ready for the big  
race.

The cameras will be carried  
with the plates in to their destination  
where the photographs will be developed.

## WESTERN UNION RATES CONTINUE, IS RULING

SAN FRANCISCO, July 1.—Western  
Union telegraph rates, established  
under federal control applying to  
intra-state business in California,  
will continue in effect for the present,  
following a ruling today by the  
railroad commission, which held that  
existing rates are not unreasonable,  
according to a showing of the company  
and an investigation by the  
commission's engineers. The com-  
pany showed that it had not profited  
by the higher rates established by  
the federal control owing to the in-  
creased operating costs.

## WOMAN DIES FIGHTING FLAMES IN FOREST

LOS ANGELES, July 1.—Mrs.  
Ida Greenfield, formerly a pianist  
and actress, died here today of  
burns sustained when she was  
killed while fighting forest fires  
near her home in the mountains  
of Placerville.

# THOUSANDS A WAIT CLASH

## GLADIATORS IN OFFICERS TRAILING TRIM FOR BIG RING BOUT

(Continued from page one)

hand. Maybe it will be in the first round, perhaps not until the third. But not later than the fifth.

That's our opinion after watching both principals up until almost the last minute.

It seems that Carpentier's stock has jumped greatly in the last 48 hours. Talks of the worry and anxiety that Jack Dempsey is going through apparently have caused some of his backers to seek lower odds than 3 to 1.

It seems hard to believe when one knows the champion that worry is eating into his flesh so that he will weigh less than the Frenchman when they get into the ring.

A lot of shrewd, witty things have been credited to Francois Descamps. Jack Kearns is no yearling as a manager and it looks like he is doing a little propaganda work himself.

No Underestimation. We do not underestimate the ability of the Frenchman in picking Dempsey to win. Carpentier is a smart, fast boxer, and can hit—a slow moving man.

He will hit Dempsey, of course, because it is well known that the champion can be hit. But Carpentier cannot hit him with enough power to knock him out. If the Frenchman elects to run he will prolong his downfall but Dempsey will catch him. In real ring speed, the champion is almost as fast as the challenger.

John P. Farrell, Jersey City, was named today by Tex Rickard as official timekeeper for the fight. Farrell is supervisor of mental hygiene for the Jersey City board of education.

With all legal barriers apparently removed by the statement of Governor Edwards that the reformers' efforts will be unavailing and the action of the New Jersey boxing commission in approving of all the arrangements and granting a license, Tex Rickard's only trouble now is the weather.

N. Y. Sky Is Gray. New York looked anything but promising this morning. The sky looked like drab, gray London. A Scotch mist hung in the air.

However, in New York, any weather freak can happen in 24 hours and Rickard as well as the thousands of fans gathered in the city are basing their hopes for a good fight day on the promise of the weatherman.

Tickets are still moving rather slowly. Agencies report plenty of tickets from \$15 to \$40 with quite a few of the ringside pasteboards at \$50. The ticket office in Madison Square Garden has a supply of all denominations. The last-hour rush may clean out most of the choice seats.

Wall street and some of the larger betting commissions reported a lot of Carpentier money that was waiting for the short end of 3 to 1. The piles of Dempsey money offered last week at the same price are not now available. Experienced brokers attribute the sudden reversal to a last-minute scare or to an attempt of Dempsey's backers to bring down the odds.

Stadium Ready. The stadium in Jersey City was completed today.

Despite all the talk to the contrary, Rickard again seems to have taken a good shot at the ticket scalpers. The counterfeit tickets sale has scared the purchasers so that they will not buy from unknown persons.

The seat sale for the big fight shortly before noon reached the total of \$1,250,000.

Rain was pouring in Jersey City early this afternoon. Workmen, clad in yellow oilskins, were busy stenciling numbers on the seats.

A tarpaulin, rigged like a tent, covered the ring. The dressing rooms were completed today.

Tex Rickard later denied that James P. Farrell of Jersey City had been selected as official timer. He got in touch with the New Jersey boxing commission to inform it that Joseph Bannon, New York sport writer, had been picked for the job and that Bannon would have to officiate.

By FRANK GETTY, (United Press Staff Correspondent), MANHASSET, N. Y., July 1. —"Push," said Francois Descamps this afternoon, "Georges, he asleep. But come, were quietly, take look."

We tiptoe up the stairs and to the door of Carpentier's bedroom. There lay the French challenger, sleeping peacefully as a baby, a half smile on his lips as though he were dreaming of victory.

That is how Georges is worrying about the fight.

The final day before the championship battle passed peacefully at Manhasset for all concerned. Georges was up promptly at 6:30 a. m., and took a walk in Sherry Park accompanied only by Descamps. The challenger returned to the farm about half past seven and ate a breakfast which gave evidence of his ease of mind.

At Descamps's suggestion he stuck to the parlor, foregoing his usual morning's rock on the front porch so that visitors, who were barred, should not be tempted to try and get past the gate. Georges played solitaire with his usual lack of success and laughed and chatted unconcernedly until lunch time.

Then he retired to his bedroom and, with the faithful Flip on guard under the bed, slept soundly for a couple of hours.

"Everything is O. K.," is what Francois Descamps' final message translates into.

MANHASSET, N. Y., July 1.—Carpentier's training brought him today to the eve of the most famous ring battle in history.

Those who have backed the Frenchman are going to get their money's worth.

Carpentier, indulging in a last bit of secret training, removed any last possible doubts as to his ability, condition, or mental stamina.

Everyone knows about Georges' right, the haymaker that has crashed home so many times victoriously; but in his final private session Carpentier produced from somewhere a tremendous left hook, one which an expert who has just seen Dempsey claims is every bit as wicked as the champion's.

Physically Georges is pronounced perfect. Manager Francois Descamps said today that Georges has improved over his condition of ten days ago, when he was at fighting weight and considered ready to fight.

GEORGES TO SCORE K. O. IN FIVE ROUNDS, CLAIM NEW YORK, July 1.—Georges Carpentier will knock Jack Dempsey out in five rounds tomorrow, his manager, Francois Descamps, told Promoter Tex Rickard today.

The prophecy was made when Descamps called on the promoter for a final conference.

BETTING ON PARIS BOURSE AGAINST CARPENTIER PARIS, July 1.—Betting on the bourse here went against the French champion, Georges Carpentier, today.

At the opening the prices were quoted at 3 to 1 on Dempsey to win the fight tomorrow. Later this descended to 2 to 1 1/2 and 2 to 1. Only a few bets were made.

Under Sheriff E. E. French and City Motorcycle Officer Frank Stewart were searching today for a Mexican woman living on Edinger street who is alleged to have cultivated a marijuana plant in her front yard. She also is alleged to have sold the finished product to other Mexicans.

Upon receipt of a phone call from a woman living on Edinger street late last night, French and Stewart went to a tent house designated by the woman and made an investigation. They heard stories of a Mexican man and woman who had been smoking the weed and who had created considerable excitement in the neighborhood.

They are alleged to have threatened several men working on a street improvement. The man, according to the reports, was acting like a raving maniac and those who saw him expected him to do something desperate.

The officers found the house where the Mexican woman lives and in looking over the grounds they found a marijuana stalk about 14 feet in height. It was growing in a secluded spot. The officers cut the weed off at its roots and brought it into the sheriff's office to be held in evidence. The woman who is alleged to have grown the weed had not been located at noon today.

Sheriff C. E. Jackson went before the supervisors over a year ago and secured the passage of a county ordinance prohibiting the growing and sale of the Mexican plant. Several prosecutions have followed. A Mexican woman who resided at Tustin paid a fine of \$25 several months ago for selling the weed.

Following the adoption of the ordinance by the Orange County Supervisors Sheriff Jackson had communications from the authorities of both Riverside and San Bernardino counties regarding the plant. The officers who made the inquiry said they had heard of the weed with the powerful "kick" but had not seen it and did not know what it was like.

Sheriff Jackson sent samples of the weed to both Riverside and San Bernardino officers and after the adoption of ordinances similar to that adopted by the Orange county supervisors, many arrests followed.

According to Jackson the marijuana seed is mixed with bird seed and can be obtained with a purchase of a certain brand of bird feed. The weed is grown extensively in Mexico. The leaves and berries are ground together and dried.

Authorities state that when smoked, particularly by Mexicans, the weed has the effect of home brew brandy plus.

One Mexican arrested by Jackson some months ago tried to convince him that he could hit a locomotive off the track on which it was standing.

It took four officers to subdue the man.

WILL BUY FOR CUSTOMERS. Patrons of the Harry Leipsic store wishing selections made for them in the fashion center of the east can do so by leaving orders at the store. Buyers for the establishment are going east in a few days to purchase fall goods and will give attention to requests from patrons for special designs.

ability, condition, or mental stamina. Everyone knows about Georges' right, the haymaker that has crashed home so many times victoriously; but in his final private session Carpentier produced from somewhere a tremendous left hook, one which an expert who has just seen Dempsey claims is every bit as wicked as the champion's.

Physically Georges is pronounced perfect. Manager Francois Descamps said today that Georges has improved over his condition of ten days ago, when he was at fighting weight and considered ready to fight.

GEORGES TO SCORE K. O. IN FIVE ROUNDS, CLAIM NEW YORK, July 1.—Georges Carpentier will knock Jack Dempsey out in five rounds tomorrow, his manager, Francois Descamps, told Promoter Tex Rickard today.

The prophecy was made when Descamps called on the promoter for a final conference.

BETTING ON PARIS BOURSE AGAINST CARPENTIER PARIS, July 1.—Betting on the bourse here went against the French champion, Georges Carpentier, today.

At the opening the prices were quoted at 3 to 1 on Dempsey to win the fight tomorrow. Later this descended to 2 to 1 1/2 and 2 to 1. Only a few bets were made.

REFeree PROMISES SQUARE DEAL TO FIGHTERS JERSEY CITY, N. J., July 1. —"I'm going into that ring to see that both men get a square deal. May the best scrapper win."

Thus this afternoon spoke Harry Ertle, on whose shoulders rests the responsibility of refereeing tomorrow's big bout.

In the absence of the principals themselves Ertle was the most sought after man in the city today. He tried his best to dodge the fight fans, gave it up and then did the next best thing, which was to take refuge among his friends at the Jersey City Elks' club, where he immediately became the center of an excited crowd of "Bills" from all corners of the country.

EUGENE, Ore., July 1.—Following expression of a hope by the Rev. William S. Wright, former army chaplain and present American Legion commander of Oregon, that Jack Dempsey "would get a blamed good mauling," delegates to the American Legion convention here wired their best wishes of success to Georges Carpentier.

A second message went forward to Theodore Roosevelt Jr., assistant secretary of the navy, asking him to be sure the French champion receives the legion's message.

## MATTER IN HEWES ESTATE GOES OVER

Litigation in connection with a division of the David Hewes estate which was scheduled to come up in Department No. 1 of the superior court today following a continuance from June 17, was again postponed by stipulation of attorneys. The matter will come up again next Friday.

Hewes, who at the time of his death was reputed to be worth over \$2,000,000, left a will which he made in 1902. One of his heirs, named in the will, died before the testator. He was Charles W. Hewes, a nephew. A son and daughter of Charles W. are now seeking a \$11,000 apportionment of the estate, which they claim was willed to their deceased father.

Elmer T. Worthy, ex-service man recently appointed as a teacher in Santa Ana Junior college and high school has just sold ten acres near Huntington Beach for what twenty acres cost him in November, 1919.

Development of oil at Huntington Beach made the sale possible.

Worthy, who won a Distinguished Service Cross while overseas, returned to private life about two years ago. He decided to be a farmer for awhile.

Among other pieces of ground farmed by him is the twenty acres of which half has just been sold.

"I bought the twenty acres for nothing down and nothing a month," said Worthy today. "John Cady, who lives in Imperial valley was so anxious to sell the ranch that he sold it to me on those terms, the price being \$10,000."

This week Worthy sold the north ten acres of the property, which lies across the street and a short distance south of the Ocean View schoolhouse, to his father, J. T. Worthy for \$10,000. The elder Worthy will hold the ten acres for oil leasing. Within fifteen minutes after Elmer had agreed to sell to his father, another man offered him more for the property than he had sold it for.

Since the sale, the son has been offered \$13,000 for the ten acres that he retains. That ten has the improvements that were on the twenty.

However, Elmer Worthy expects to hold on to the remaining ten acres especially so since the drilling of a well on Jesse Clark's place, a quarter of a mile east, has been started.

Elmer Worthy has rented the house on his ten for \$50 a month. The rent is named as showing what country farm houses within reaching distance of the oil fields will rent for these days.

Worthy is to teach in Santa Ana Junior college the coming year, and will move here soon to a new home being built in the 400 block on South Ross. The purchase was made yesterday from M. R. Heninger.

Worthy will teach public speaking and law in the junior college and argument and debating in the high school.

Jersey City is to have fair weather tomorrow, promise

WASHINGTON, July 1.—Fair weather for the Dempsey-Carpentier battle at Jersey City tomorrow was promised by the weather bureau today.

ARE SIGNING CONTRACTS Representatives of the Simpson Contracting company were in this city today to meet the members of the school board for the purpose of signing the contracts for the new grammar school.

This firm was the successful one in the recently submitted bids for the erection of the school, their bid being \$54,450.

The new building will be situated on Forest avenue in the west part of the city.

It is stated that work on the building will begin at once, as it is promised for the beginning of the fall term of school.

## SELLS TEN FOR WHAT TWENTY COST HIM

Elmer T. Worthy, ex-service man recently appointed as a teacher in Santa Ana Junior college and high school has just sold ten acres near Huntington Beach for what twenty acres cost him in November, 1919.

Development of oil at Huntington Beach made the sale possible.

Worthy, who won a Distinguished Service Cross while overseas, returned to private life about two years ago. He decided to be a farmer for awhile.

Among other pieces of ground farmed by him is the twenty acres of which half has just been sold.

"I bought the twenty acres for nothing down and nothing a month," said Worthy today. "John Cady, who lives in Imperial valley was so anxious to sell the ranch that he sold it to me on those terms, the price being \$10,000."

This week Worthy sold the north ten acres of the property, which lies across the street and a short distance south of the Ocean View schoolhouse, to his father, J. T. Worthy for \$10,000. The elder Worthy will hold the ten acres for oil leasing. Within fifteen minutes after Elmer had agreed to sell to his father, another man offered him more for the property than he had sold it for.

Since the sale, the son has been offered \$13,000 for the ten acres that he retains. That ten has the improvements that were on the twenty.

However, Elmer Worthy expects to hold on to the remaining ten acres especially so since the drilling of a well on Jesse Clark's place, a quarter of a mile east, has been started.

Elmer Worthy has rented the house on his ten for \$50 a month. The rent is named as showing what country farm houses within reaching distance of the oil fields will rent for these days.

Worthy is to teach in Santa Ana Junior college the coming year, and will move here soon to a new home being built in the 400 block on South Ross. The purchase was made yesterday from M. R. Heninger.

Worthy will teach public speaking and law in the junior college and argument and debating in the high school.

## UNION LEADERS SEE RY. STRIKE AS USELESS

United Press Leased Wire  
CHICAGO, July 1.—Two million railroad workers started to work for reduced wages today as their leaders met here to prevent, if possible, a tieup of the nation's transportation system.

One thousand executives of the strong rail unions started their session to decide whether to accept or reject the \$100,000,000 annual cut ordered by the United States railroad labor board to get into effect today. Although the union leaders will keep their own counsel until a definite decision has been reached, it was generally believed that they will exert every effort to prevent a strike.

These are the reasons given for the anticipated effort of union chiefs to hold their men in line and prevent a walkout:

Reluctance to add to the legions of unemployed, the vast number of rail employees.

Hold Strike Futile  
Knowledge that a strike would not have popular support and therefore would be futile.

Recognition that railroaders must suffer the same as other workers during the period of readjustment.

It is definitely known by referendum, taken in the railroad department of the American Federation of Labor, that the majority of the rank and file of rail workers are against the 12 per cent wage cut.

Timothy Healy, president of the Stationary Engineers and Oilers organization, announced at the sessions started that his union had overwhelmingly voted to reject the wage cut.

Other unions have done likewise, although official tabulations of ballots have not been made public.

May Accept Under Protest  
Concerning the strike vote of unions, President L. E. Sheppard of the conductors stated:

"Strike votes have been recorded before and there has been no strike." Members of the four big brotherhoods have not yet voted on the issue. They will not vote unless their leaders in today's conference decide to reject the cut, which is not considered likely.

Acceptance of the cut, under protest, is deemed the outcome of the meetings here. It is expected that resolutions, serving notice that the cut will be accepted on condition that the working agreements which outline pay for overtime and other working conditions, be kept intact.

## RECESS TILL JULY 13 IS TAKEN IN DIVORCE ACTION OF STILLMAN

POUGHKEEPSIE, N. Y., July 1.—The Stillman divorce case recessed today until July 13.

James A. Stillman was on the stand today for re-direct examination, but after adjournment it was learned he was not questioned to any extent. His case was not rested when the recess was taken.

Lawyers were understood to have spent most of the forenoon arguing points of law and the admissibility of certain evidence.

Stillman was the only one to occupy the witness chair today.

Mrs. Stillman for the first time was absent from a session. She planned to return to New York during the afternoon with her son "Bud."

The banker's attorneys endeavored to have the referee hold a continuous session for the next three weeks. John F. Brennan of Mrs. Stillman's counsel objected to this on the ground that the plaintiff had had a year to prepare his evidence while the defendant has had comparatively few weeks.

It finally was decided to hold a three-day session beginning July 13, a two-day session beginning July 23, with a recess then until September. Stillman, who underwent torture in appearing here as a witness for himself, will not be subjected to further cross-examination.

## WILL DISCHARGE ALL REGULARS WHO APPLY IN JULY, ANNOUNCED

WASHINGTON, July 1.—Secretary Weeks today directed army corps and division commanders to discharge all men of the regular army who apply for discharge during July.

This step was taken to bring about the reduction of the army directed in the army appropriation bill signed by the President yesterday. Men discharged under this order will not be permitted to re-enlist until general recruiting is re-established. Men serving sentences or under charges in the army are exempted from this provision.

Liggett & Bemis for insurance, 321 Spurgeon Bldg. Phone 1922.

## CATHEDRAL SERVICES HELD FOR BONAPARTE

BALTIMORE, July 1.—Preceded by a brief service for the family at the country home, where he died last Tuesday, a high requiem mass was sung over the body of Charles J. Bonaparte, former secretary of the navy and former attorney general, at the cathedral here.

Rear Admiral William L. Rogers and Commander William J. Rowcliffe represented the navy department. Representatives of all classes of the people of Baltimore filled the edifice.

## LEGISLATIVE JAM FACED BY CONGRESS

WASHINGTON, July 1.—Insurgency among members of the "farmer bloc" and others in the senate today threatened to spoil plans of leaders for limiting legislation to essentials as desired by President Harding.

Leaders today faced a legislative jam comparable to that which always marks the end of a session. The situation, in brief, was this:

The peace resolution, accepted by the house, was facing further opposition from Democratic senators who appeared determined to defeat the Republican plan to have it in Harding's hands before July 4.

The navy bill, providing funds for the navy for the fiscal year beginning today, was awaiting senate approval, the house having agreed to the conference report. Senate conferees tried to get it through the senate late yesterday by surrendering completely to the house on disputed amendments, but failed. The navy has no money as a consequence and won't have until the bill is finally disposed of.

Senator McCumber, North Dakota, has served notice he will insist on the senate taking up the soldier bonus bill as soon as the pending maternity bill is disposed of.

## RAILROAD INQUIRY HALTS TILL SEPT.

WASHINGTON, July 1.—The railroad inquiry being conducted by the senate interstate commerce committee halted today. It will be resumed in September, when representatives of employees will be heard, Chairman Cummings said.

So far, thousands of pages of testimony of railroad managers and security owners have been taken. A summary today showed these to be contentions of the managers:

1—The roads have proven more efficient under private operation than the government control.

2—The poor financial showing of the roads is due to war prices for labor, material and supplies.

3—Wages should be reduced as a condition precedent to a return of industrial and economic prosperity.

4—Rates have not been advanced in comparison to the cost of transportation.

5—Reduction of general transportation rates can come only with the decline in labor and material costs.

## HOUSE MEMBERSHIP TO GAIN, IS WORD

WASHINGTON, July 1.—An increase of twenty-five in the membership of the house, bringing it up to 450, will be authorized at this session of congress, Representative Siegel, New York, chairman of the census committee, predicted today.

Such a reapportionment, which will be based on the 1920 census, would provide for a reduction in representation of only two states—Maine and Missouri. The delegations in the house of the two states would be reduced one each.

During the last session the house voted to retain the membership of the house at its present size of 435 members, which would have meant reductions in the representation of several states.

This bill was held up in the senate because that body had a majority for an increased house, Siegel said.

## SEATTLE BANK QUILTS AS CUT IN DEPOSITS IS HELD RESPONSIBLE

SEATTLE, July 1.—The Scandinavian-American bank of Seattle was in the hands of the supervisors of banking today. The board of directors announced last night that the bank had suspended.

Recent efforts to merge the bank with three other banks here failed, it was stated.

The last official report showed the bank had a capital of \$1,256,838 and deposits of \$11,828,251.

Shrinkage of values of securities and decreased deposits during the last year were blamed for the failure.

## EXPRESS MESSENGER SHOT BY BANDITS IN INDIANA TRAIN RAID

COVINGTON, Ind., July 1.—Two bandits shot and wounded an express messenger in an attempt to hold up the night express on the Peoria and Eastern division of the Big Four between Covington and Veederburg early today.

Frank J. Beckman, 45, the messenger, tried to fight the men away when they forced an entrance to his car. He was shot twice through the thigh and was taken to a hospital at Indianapolis.

The wounds, while not serious, were severe and Beckman was unable to tell the details of the robbery.

The bandits obtained seven valuable remittance drafts. They did not take the safe, which contained a lot of money.

## HARDING, AIDES PLANNING MORE ECONOMIES

United Press Leased Wire  
WASHINGTON, July 1.—President Harding and Charles G. Dawes, Budget director, today assumed personal responsibility for holding down government expenditures.

Under plans announced by Dawes no official, large or small, can spend more money than has been allotted him without obtaining consent of Dawes and then of Harding.

Dawes's plans for cutting appropriations and building up a reserve fund were explained today to a meeting of his assistants at which Harding was present.

U. S. Lives Within Income  
Living completely within its income, according to official treasury statements covering all but two days of the fiscal year, the government today opened its books to a new regime of economy and efficiency.

Meeting in the office of Budget Director Dawes this morning, President Harding, Dawes and budget representatives of all government departments made detailed plans for the fiscal year 1922 to be far more economical than the fiscal year which ended yesterday.

"Within a few days," said Dawes, "the budget official of each department will be asked to submit a minimum estimate of the amount of money on which the department can get through the year. All money appropriated over and above that estimate will be put into the reserve fund."

"In order to spend more than the estimate, any official must first get permission of the budget director and then of the president. This will make each official, no matter how minor in responsibility, directly responsible to the President of the United States for economy in his section."

"It will be very difficult under this scheme to spend more money than estimated."

Up to June 28, the government's books showed:

Ordinary receipts \$5,600,141,093.  
Ordinary disbursements \$5,041,416,109.

Receipts \$14,463,439,144  
Surplus of ordinary receipts over ordinary disbursements \$558,724,984.

Grand total receipts \$14,468,439,144.  
Grand total disbursements \$14,201,507,366.

Surplus of grand total receipts over grand total disbursements \$266,931,778.

During the period of these reports the national gross debt has been reduced approximately \$1,000,000,000 or about five per cent, other treasury statements show.

The figures indicate that for the first time since the war period the government has spent less than it took in, including borrowings.

President Harding told budget representatives that the entire government must back up the budget in its plans for economy.

"General Dawes is going to have all the authority of the government back of him," the President said and

declared the economy task is not an easy one.

"Our country is calling for a change and if it will add to your interest in your work, let me tell you something else. This may seem like an extravagant statement."

"The world is watching this well resolved experiment. It is no violation of confidence to say that one of

the distinguished diplomats in Washington at this time told me that his own country has already cabled him to keep close watch on every step of our budget enterprise and report to his country."

Delicious dessert — Dragon fresh peach ice cream.

## DON'T BE A SUN-DODGER

You need not fear for your complexion during vacation days if you go prepared with the proper preventatives for sunburn or tan. The White Cross specializes in protecting creams and preparations for the relief of the depredations of old King Sol. We'll be glad to advise you what to take along.

### Miss Helen Von Allmen Weds Montebello Man At Santa Barbara

One of Santa Ana's charming young women, Miss Helen Von Allmen, and Mrs. Andrew Reite, of Montebello, slipped away to Santa Barbara, June 14, and were quietly married at the Methodist Episcopal church, the Rev. Alfred Hughes officiating at the double-ring ceremony.

The bride and groom were accompanied by Miss Freda Schroeder, college room-mate of the bride, and Mr. H. Von Allmen, father of the bride.

The lovely bride wore a pretty gown of net over white satin. Her veil hung in graceful folds from a bandeau of pearls and she carried a shower bouquet of pink roses. Her going-away costume was of pearl gray with accessories to match.

Mrs. Reite was a popular member of the Santa Ana high school, graduating class of 1916, and a graduate of the University of California, southern branch, and has for the past year been a teacher at the Spurgeon school of this city.

The groom is a young man of sterling character and is connected with the Standard Oil company of Montebello.

Mr. and Mrs. Reite will be at home to their many friends at Whittier.

### "We Are Advertised By Our Loving Friends"

When Dr. and Mrs. Samuel A. Marshall reached home yesterday, after their honeymoon, they found the beautiful new bungalow the Doctor had built for his bride, 122 West Eighteenth street, unadorned but somewhat humorously, decorated for the occasion.

The front door was garlanded, so to speak, with a dozen or so pairs of old shoes strung together on a rope, and all windows and shutters were "ornamented" with more or less fastidious placards.

Placards were also placed along the street from Broadway to Main directing all who might read to 122 West Eighteenth to find a "just married" couple.

On the veranda were effigies of the husband and wife, and a "little fellow." A placard indicated that the lady was saying, "Sam, come in and wash the dishes," and the gentleman was made, by the same means, to say, "Shut up, you mutt!" The "little fellow" was saying, "Pa, my nose is running."

Contrary to the ethics of the medical profession, there were many advertising placards and a display of medicine bottles and pill boxes.

Just how the Doctor and his bride enjoyed the joke, deponent sayeth not, but they may be sure that it was all the work of loving hands and hearts—an indication of their own popularity and the high spirits of their friends.

### National Congregational Council Interests Women

Dates will be of interest to women who expect to attend the National Council of Congregational churches, to be held in Los Angeles for one week, beginning Friday, include a luncheon for women only, to be held at the Ebell clubhouse, corner Figueroa and Eighteenth streets, on July 5, at 12:30 o'clock.

This luncheon is to be given in honor of the federation officials and visiting women. All Congregational women are cordially invited and those wishing to make reservations should call Mrs. P. L. Tople, phone 312-M.

On July 6, at 9:30 a. m., a meeting of the missionary union will be held in the Jewish synagogue opposite the Congregational church, and on the women's board of the Pacific will meet in the synagogue.

### Surprises Husband With Jolly Birthday Party

Mrs. L. T. Ellis succeeded in giving her husband quite a surprise Tuesday evening, by inviting a number of their friends to their home, 517 East Sixth street, to help celebrate his birthday.

The house was gaily decorated with great bowls of flowers of pink and white, the same color scheme being carried out in the refreshments, which were served after a jolly evening of games. A feature of the refreshments was a huge pink and white birthday cake, which was sent by Mrs. Ellis' mother, who lives in Pomona.

The guests were: Mrs. Willie West, and Messrs. Harry Taylor, Harold Blatt, and Noel Hart, of Pomona; Mr. Earl Fuller, of Los Angeles; and Mr. and Mrs. Irvin McGee, the Misses Gladys Fifield, Clara Kramer, and Messrs. A. A. Coons, and G. H. Coons of this city.

### Band Concerts to Mark Beach Celebrations

The Huntington Beach band in all their summer glory, that is, their new hot-weather uniform, will give their first band concert, Sunday, at 2:30 o'clock at the band stage on the beach.

Special arrangements have been made to have seats to accommodate everyone.

Mr. L. W. Tozier, director of the band, announces the following program: "Mardi," "Chicago Tribune," (Chambers); selection from "Fanny" (Gounod); popular numbers, "Blue Jeans," (Traveler); "Over the Hill," (Allen); "Crooning," (Calson); "Aint We Got Fun," (Wuting); cornet solo, by Mr. M. C. Mitchell; "Melodious from Bohemian Girl," (Bolfe); "Impassioned Dream Waltz," (Rosa); vocal solo, "Margie," by Mr. W. S. Whitney; "Love Bird," (Mary Earl); "March Gloria," (Neilson); "Star Spangled Banner."

The band will also play July 4.

The Entering Wedge—that is the Want Ad opening the treasures of everyday opportunities.

### Mr. Leon Dickey Claims Long Beach Belle for Bride at Home Wedding

A beautiful home wedding marked the marriage of Miss Bernice Miller, of Long Beach, and Mr. Leon A. Dickey, of this city, which took place Tuesday evening at the residence of the bride's parents, Mr. and Mrs. E. O. Miller, on American avenue, Long Beach.

The guests were received by Mesdames L. R. Percy, Gilbert Beck and G. A. Herbst, members of the bride's family.

Proceeding the ceremony, Miss Virginia Neff sang in her lovely clear voice, "O Promise Me," after which Miss Nadine McIntyre softly played the "Bridal Chorus" from Lohengrin while the wedding party took their places beneath an arch of pink blossoms and greenery.

Mrs. Denison Gee, of Los Angeles, was the charming matron of honor, and she wore an exquisite frock of apricot taffeta and carried a bouquet of roses and maidenhair ferns.

The winsome flower girls were Little Miss Claudia Elma Miller, sister of the bride, and little Miss Lola Patti, who wore dainty frocks of pink and blue ruffled organdie, and carried pretty baskets filled with rose petals, which they scattered in the pathway of the lovely bride, who was a picturesque figure as she entered on the arm of her father, Mr. E. O. Miller.

The bride's gown was a wonderful creation of imported ivory satin and old lace with pearl embroidery, and was worn by her mother when she was a bride.

The veil was held in place by a bandeau of orange blossoms, and the bridal bouquet was an exquisite shower of bride's roses and valley lilies.

Mr. Denison W. Gee, of Los Angeles, was best man, and the Rev. Mr. William A. Betts, of the Methodist university church, Los Angeles, read the pretty service.

Following the ceremony a reception to the bride and groom was held, during which the bride cut the wedding cake, which was served with a dainty collation to the many guests.

Upon their return from their honeymoon Mr. and Mrs. Dickey will be at home in Santa Ana.

### Two-In-One Class Members Guests of Mrs. Morrison

The ladies of the Two-In-One class of the Spurgeon Methodist church, after their recent trip north, yesterday afternoon, of Mrs. K. E. Morrison, at her home, 203 1/2 East Tenth street.

The afternoon was enjoyably spent sewing and chatting, after which the hostess served dainty refreshments to the following:

Mesdames C. Widney and daughters, Eleanor and Margaret, L. Clark, Dore, and Will Thim, and Miss Robertson, all guests of the club; and the club members, Mesdames C. Morrey, Ruth Wallis, J. P. Kuyper, Harold Hinton, J. W. Estes, Tom Hunter, L. W. Slaback, C. Jones, L. Culver, Fred Triplett, W. J. Richards and F. W. Todd.

### Personal

Marshall Northcross, who has been spending a month's vacation with relatives here, left yesterday for the oil fields at Tampico, Mex.

Mr. and Mrs. O. Merle Schildmeyer and son, and Mr. and Mrs. William Maag and daughter, Edwina, are at Balboa island for over the Fourth.

Frank T. Smith, agent at the Santa Fe Ry., and daughter, Mrs. Mary E. Johnson, left recently on a three weeks' trip north. They will visit Glacier National Park and Canada, including Banff, Lake Louise, the Canadian Rockies, Calgary and Victoria.

Mr. and Mrs. Joseph C. Candebat have returned to Santa Ana, Mr. Candebat from Cuba and Mrs. Candebat from New Orleans. Mr. Candebat is a sugar maker and was in Cuba during the campaign there, his wife remaining with relatives at New Orleans. He will be with the Santa Ana Sugar company during the coming campaign. Mr. and Mrs. Candebat are located at the Fowler apartments.

A. V. Herr and family are having a fine time leisurely motoring throughout the state. They have just left Yosemite valley and are on their way to Lake Tahoe.

M. S. Cloyes and wife, 308 South Birch street, are vacationing at Forest home.

J. E. Kellogg and family, 603 Orange avenue, have gone to Forest home, for a few weeks.

Mrs. Juliette Smith, 122 East Eleventh street, has come to Murietta Springs for a visit.

Ray Chandler and wife, 302 South Birch street, are at Keen camp for a few weeks.

Miss Idabel Durgan, Red Cross community nurse, leaves tomorrow on a two weeks' vacation. She intends spending the first week at Santa Monica and the second at Laguna.

Mr. and Mrs. A. M. Lacy, 614 South Ross street, returned home Wednesday from a motor trip to San Francisco and Yosemite. They were accompanied by Mr. and Mrs. M. C. Robertson and Perry Flowers, of Mineral Well, Texas, the former of whom are gravely considering selling out their business interests in Texas and making their home here. They leave tomorrow for Texas, and Mr. and Mrs. Lacy will accompany them as far as the Grand canyon.

Mrs. F. H. Bradley and daughter, Betty, 121 Orange avenue, have just returned from a three days' visit with friends in Hollywood.

Mr. and Mrs. J. Lowell and daughters, Misses Charlene and Virginia, and their niece, Miss Grace Lowell, leave Saturday for a two weeks' stay in the Yosemite valley, later visiting relatives at Berkeley, and sojourning at Big Basin and Monterey.

W. S. Whitney is leaving tomorrow for San Juan Hot Springs for a stay of two weeks.

### NOTICE.

I have moved my dressmaking establishment from 206 N. Ross to 315 West 1st. Myrtle North, Phone 636.

### Gustlin Lauds Quartette Appearing Here Tonight At Congregational Church

In speaking of the Blue and White quartette of Pomona college, which appears at the First Congregational church this evening at 8 o'clock, Clarence A. Gustlin said, "Too much cannot be said of this splendid organization, and I consider every member a master of his art."

This quartette, which is composed of Prof. Ralph H. Lyman, Robert Pike, Raymond Moremen, and Arthur M. Butcher, has been giving concerts for the past two years all over Southern California and has a wide reputation for its effective concert work. Aside from reaching a high degree in their ensemble work, this quartette has gained a reputation for himself as a soloist.

Prof. Ralph H. Lyman is the head of the music department at Pomona college and his voice is admirably suited to solos of dramatic power, such as Neidlinger's "Memories of Lincoln," which he will sing.

Mr. Moremen, who has a voice of strong and admirable tone, perhaps will never be heard here again as he leaves soon for Smyrna, Asia Minor, where he is to be in charge of the music at the International college.

Mr. Butcher, whose tenor voice has been so familiar to Pomona Trinity church goers for the past two years for his splendid solo work there, is leaving Trinity church soon for Canada, and no doubt his last appearance in this part of the country with the quartette will be their final season concert in Trinity church, Pomona, on the night of July 10.

Mr. Pike, the fourth member of the quartette, has a rich and mellow voice that shows great possibilities.

Their program is well selected and one that appeals everywhere to music lovers.

A silver offering will be taken this evening.

### Mrs. Emery Peacock Entertains Informally

Mrs. Emery L. Peacock was a charming hostess Wednesday afternoon when she entertained the ladies of the Judge Palmer class, of the First Presbyterian church, at her pretty home, 710 West Sixth street.

Part of the afternoon was pleasantly passed with needlework and music, after which a jolly guessing contest held sway. Mrs. W. I. Thomas received first prize and Mrs. Charles Gehrig the consolation.

The hostess, assisted by her mother, Mrs. Mann and Mrs. Miller, served dainty trays of raspberry ice, cake and fruit punch.

### Social Calendar

July 1 — Dance, American Legion, At Armory, 8:30 p. m.  
July 1 — Meeting, Fraternal Aid Union at M. W. A. hall, 8 p. m.  
July 2 — Meeting, Standard Bearer Girls of West Methodist church, at home of Miss Gertrude Richardson, 516 West Fifth street, 2:30 p. m.  
July 4 — Ball, Newport Harbor Yacht club, 8:30 p. m.  
July 4 — Scotch picnic, at Eagle Rock Park, 10 a. m.  
July 5 — Joint meeting, American Legion and Auxiliary, Armory, at 7:30 p. m.

### What Southern California Women's Clubs Are Doing

A brilliant social function closed the club season for the Los Angeles Ebell club. There were 1175 members and friends who were seated at the largest luncheon ever served at the Ambassador. A profusion of lavender and pink sweet peas adorned the tables and the dining room was further made gay by the crisp summer gowns of the women.

There was music throughout the hour of the elaborate lunch and at the end an oriental program was presented by Ko-Vert, the dancer.

Culminative in its interest the program ended with "A Hindu Fantasy" given by Ko-Vert, and the dance trio Andre Greyley, Doris Cleveland, and Tyrine Crouch. The strange syncopated music was by Louis La Rodelle and the dance represented priestesses in a temple of India and the Nautch dances.

Particularly pleasing was the musical number by the G. Allan Hancock Trio, composed of Mr. Hancock, cellist; Paquale De Nubila, violinist, and Alby Adams, pianist. They played "Pagoda Flowers" by Amy Woodforde-Finden, and "Orientale" by Cesar Cui. It was Mr. Hancock's first important public appearance, a fact known only to a few of his intimate friends.

Little Valentine Churchill, a child born in Burma, sang "The Song of Golden Burma" and "Burmese Enchantment" with her entirely correct Burmese accent and costume and provoked the big audience to laughter with her naïveté. She ended with her famous number, a Burmese court dance, taught her by one of the Queen's dancers.

Bessie Crouch, premiere danseuse in opera, gave a number from the ballet of Coppelia and Margot Buxton, a child, interpreted in the dance "The Fear of the Gods," with music by Lucius Hosmer and "The Patrol of the Boxes," the latter from the Chinese Suite. The only vocal numbers were "Chanson Indoue (Song of India)" charmingly sung by Ethelyn Ostrom, and a Hindu "Slumber Song."

At the piano was May Le Grand, who played two solo numbers, "An Couvent" by Borodin, and "The Lark" by Glinka-Balakerev.

Mrs. Florence Floore, president of the Texas Federation of Women's clubs, was among the notable guests. Mrs. Floore will remain in Los Angeles until the clubs reopen in the fall when she expects to be busy not only with her federation duties, but as chairman of a committee appointed by the governor to Texas to confer with him and the legislature on a legislative program. For the first time in such a work the federation, the Congress of Mothers, the Parent-Teacher Association and the League of Women Voters will co-operate.

### Charming Dance Revue By Santa Ana Pupils At Yost Theater

A large audience at The Yost, last evening, greatly enjoyed the Dance Revue by the pupils of Mrs. Marie Putman, of Hollywood, who conducts her classes at The Armory. All who took part in the Revue performed charmingly and some of the dancers give plain promise of becoming real artists.

The "wee" ones were just too cute for anything. They made one's arms ache for a hug of them. And the larger girls, too, looked so sweet and performed so charmingly as to wholly win the hearts of the audience.

The program follows:  
"Fairies' Revel" Georgina Irving, Bethel Dickenson, Lillian Troub, Carolyn Warner, Geraldine Wade.

"Jockey" ..... Jack Wade  
"Vogue" ..... Elizabeth Roehm  
"Enchanted Scarf" ..... Martha Leipsic  
"La Czarine" ..... Gwendolyn Tubbs  
"Dutch Dance" .....

Georgia Turner and Jack Wade  
"Valse Caprice" Too Number .....  
"Greek Ballet" ..... Virginia Lowell, Gwendolyn Tubbs, Isabel Berg, Maxine Berg, Elizabeth Roehm, Nata Smith, Alveta Vantyle, Fern Flood, Margaret Anderson, Margaret Taylor, Gertrude Scheffer, Estelle Schlesinger and Helen Shaw.

"The Lass with the Delicate Air"  
Too ..... Hester Lee Moncrief  
"Serenade" ..... Geraldine Wade  
"Clown" ..... Jack Wade  
"The Old Fashioned Girls" ..... Pauline Riley, Hester Lee Moncrief, Martha Leipsic, Dorothy Douglas, Marion Parsons, Florence Resnick, Virginia Pope, Phyllis Pope, Georgia Turner and Virginia Bailey.

### Woman's Club Terminate Season With Picnic

The members of the Santa Ana Woman's club picnicked at Birby park, Long Beach, on Tuesday, marking the final meeting of a very successful year's work, under the leadership of their capable president, Mrs. James Clark.

The day was an ideal one for a picnic and the morning ride to the park with congenial friends was seemingly pleasure enough for one day.

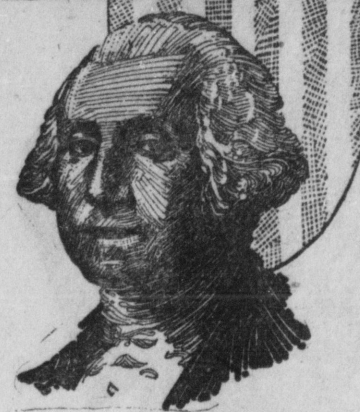

At noon a delightful picnic feast was served, at the conclusion of which Mr. and Mrs. Clark surprised the members by producing a great freezer of ice cream.

Later in the afternoon some of the younger members of the party took a dip in the "briney," while others contented themselves watching their fun in the breakers. Still another group listened to the band concert in the auditorium, while a few just stayed in the park and chatted over other days in the "sweet long ago."

The day will long be remembered as one of the most pleasant the club has ever had.

Fresh peach ice cream at the Dragon.

**JULY FOURTH**

## Freedom, Cannons and Lower Prices

Freedom was not gained by merely firing off a cannon to celebrate the fact. It takes more to give you lower prices than the mere firing of a cannon of advertising.

You'll find, when you come here for your Fourth of July clothes, that you actually get splendid clothes at lower prices—the value, the style, the excellence of quality, are apparent at a glance. They're famous Kuppenheimer good clothes—that's the reason. They fit as clothes should—and they hold their shape, which is mighty important in hot, sticky weather.

## For the Fourth

## TARIFF BILL IS PLEASING TO GROWERS

With the Fordney tariff bill out of committee and carrying a one-cent tariff on oranges and two cents on lemons, citrus growers of Orange county and the state today were jubilant in prospect of the measure being adopted.

While the bill does not carry all the protection the citrus industry asked for, the growers are quite content. It is said, however, that they will carry the battle to the floor of congress to secure tariff they deem adequate for by-products.

The growers asked a tariff of twenty-cents per gallon on citrus acid and the bill carries a tariff of ten cents. On citrate of lime, a twelve cent tariff was asked and two and a half cents is provided in the measure, which has been formally introduced in the House of Representatives.

The protection on by-products asked by the growers is deemed absolutely essential to the continued development of this industry.

Walnut growers are given a measure of protection, the bill carrying a rate of two and one half cents per pound for unshelled and five cents for shelled. Olives in brine carry a tariff of twenty cents per gallon.

Beans are protected to the extent of one and one-quarter cents per pound.

Here is the provision on sugar: "Sugar, tank bottoms, syrups of cane juice, molasses, testing not above seventy-five sugar degrees and all mixtures of sugar and water, 1.16 cents a pound and 0.04 of 1 cent per hundred additional for each additional sugar degree; molasses and syrups testing not above 48 per cent, 1 cent a gallon; maple sugar and syrup, 4 cents a pound; sugar cane, \$1 a ton; sugar candies, 30 per cent."

## POST OFFICE WILL BE CLOSED MONDAY

Announcement has been made by Postmaster Charles D. Overshiner that the local postoffice will be closed all day on the Fourth. This applies to all departments and no deliveries will be made either in the city or the rural districts.

An announcement made recently by the Post-office Department at Washington, D. C., and posted in the lobby of the local office, will be of interest to all tourists who contemplate visiting the national capitol during the summer. This is of the establishment of a Bureau of Information on the ground floor of the post-office department building in Washington on Pennsylvania avenue at Twelfth street.

This will be in charge of competent persons, it is stated, and all questions pertaining particularly to transactions with various government departments will be definitely answered.

**GOLD STRIKE REPORTED**  
THE PAS, Manitoba, July 1.—Confirmation is given to the report of an important and rich strike of gold at Elbow Lake, in the Athabasca skow mineral area, and east of the famous Gordon Dyke. The strike was made about three weeks ago, and reports received here describe the new find as a vein sixty feet wide, wherein free gold is scattered all about. The vein is capped by an iron formation, and it outcrops at several points.

## DOHENY HURLS DEFENSE AS HE ACCUSES MAN OF CRIMINAL LIBEL

NEW YORK, July 1.—Edward L. Doheny, president of the Mexican Petroleum company, has challenged an official investigation of deals in the stock but the challenge was not accepted.

Today, W. C. Moore, publisher of a market letter, was under indictment for alleged criminal libel on Doheny. Moore, who was indicted after Doheny personally appeared before the grand jury, was charged with publishing letters calculated to hammer down the stock.

## SALVATION ARMY HEADS EXCHANGE

Mrs. B. C. Smith, adjutant, and Miss A. Turner, ensign, of the Santa Ana unit of the Salvation Army, have been assigned to the Riverside unit and will leave for that place next Wednesday.

The officers will be tendered a farewell at the tent on Sycamore street Sunday night at 8 o'clock. The public is cordially invited to be present.

Adjutant and Mrs. E. S. Smith, who have been in command at Riverside, have been transferred to Santa Ana and will arrive here next Wednesday. Adjutant Smith and Ensign Turner have been in Santa Ana for a year and state they are deeply grateful for the many courtesies extended them here, and of the splendid co-operation afforded them at all times.

## 112 ARRESTS; \$561 FINES IN 6 MONTHS

ORANGE, July 1.—Arrests for violation of city ordinances totaled 112 during the first six months of the year, and the amount of fines collected amounted to \$561, according to the justice court report.

The greatest number of arrests were made in February when 31 law violators appeared before the justice. June came next with 24 arrests, and total fines of \$143. The month of May takes second place for the amount of fines collected, with \$110.

Violations of local motor vehicle laws were responsible for the majority of arrests.

The month of June gives an average of arrests made during the last six months. Tabulation of arrests in June was as follows:  
4, speeding; 4, intoxication; 5, open mufflers; 5, cutting corners; 3, old license plates; 1, no tail light; 1, vagrancy, and 1, no operator's license.

## TRIES NEW TWIST TO GET \$12 SHOES

A new turn in getting merchandise without paying for it was practiced upon C. A. Watkins of the Watkins shoe store. In an endeavor to find out if any other merchants have been victimized, the facts are today being put in the hands of the police.

On June 4, a well dressed woman of middle age and refined appearance, was a customer in the Watkins shoe store, where she purchased a pair of \$12 shoes and had them charged to the account of one of the prominent women of the city.

Watkins waited on her in person, and being unacquainted with the woman whose name was given, made no inquiries, as the customer's whole appearance was in keeping with the name which she assumed. That the whole affair was carefully planned is shown by the fact that the address given was correct, but when the statement was presented in the ordinary course of sending out the monthly statements, the swindle at once became apparent. The Santa Ana woman showed that she had purchased no footwear whatever without paying cash for it.

Watkins, as secretary of the Merchants and Manufacturers association of the city, at once started investigations as to whether the same game had been played with any other merchants of Santa Ana, as it seems highly probable that such a finished performance might have been applied to victimize more than one merchant.

## CINCINNATI SELECTED VETS' HEADQUARTERS

DETROIT, July 1.—Cincinnati will be the permanent headquarters of the Disabled American Veterans of the World War, it was decided last night at the national convention here. Judge Robert S. Marx of Cincinnati, temporary president, was elected first national commander, with Ralph H. Orr of Seattle senior vice commander.

California won two motions before the convention when that state was awarded the next national gathering and the delegates went on record against the "yellow peril."

For Dependable Used Cars see Grove & Calhoun, Sales Lot 407 W. 4th St.

## CHILD RESCUED FROM DEATH IN WATER

ANAHEIM, July 1.—A rescued youth from drowning here late yesterday afternoon.

The six year old son of J. Sylvia, Portuguese, employed by the Anaheim sugar company, fell into the reservoir of the Stanton ranch at Brookhurst. The reservoir is 100 feet square and contains 4 1-2 feet of water.

The boy, with several other children, was on his way to the old Hines ranch, when the accident occurred. The screams of his companions when the boy tumbled into the water attracted the attention of C. A. Pollard, aged superintendent of the ranch, who made the rescue.

Without doubt the boy would have drowned had it not been for the timely arrival of Mr. Pollard, is the belief here.

Superintendent Pollard issued a warning today forbidding children to play on the edge of the reservoir.

## THE MARKETS PRE-FOURTH INERTIA MARKS STOCK DEALS

NEW YORK, July 1.—The financial review this afternoon said: "The inertia on the leading financial markets today was typical of a pre-holiday season. Business in stocks fell to a much smaller volume than on any day this week and, while price changes were quite wide in some instances, the list as a whole did not move far from yesterday's level. Pool operations in a few closely held specialties were in evidence. Of Sears-Roebuck and U. S. Rubber, the latter stock sold at a new low for a year. The steel and equipment held steady most of the time and there was some profit taking in the motors."

**Money Market**  
NEW YORK, July 1.—Money on call, 6; six months, 6 1/4%; mercantile paper, 6 1/4-6 3/4; bar silver, London, 35 1-4; best silver, New York, 99 1-4; demand sterling \$3.73 1-2.

**Today's Citrus Market**  
NEW YORK, July 1.—Thirty-five cars oranges and two cars lemons sold. Orange market steady, with no material change in prices. Averages ranged from \$4.85 to \$5.45. Highest price paid for Anaheim; nine boxes sold at \$7.05. Lemon market unchanged; averages \$4.40 to \$4.90. Rain; temperature, 8 a. m., 64.

**Foreign Exchange**  
NEW YORK, July 1.—Foreign exchange was slightly improved today. Sterling \$3.72 1-2; francs, .073; lire, .024; marks, .013; kronen, .1675. Sterling closed \$3.73 1-2; francs, .0801; lire, .0492; marks, .0134; kronen, .1675.

**Chicago Live Stock**  
HOGS—Receipts, 27,000; market 10c higher; bulk \$5.60-5.70.  
CATTLE—Receipts, 2,000; market 25c higher; beef, 60c-65c.  
SHEEP—Receipts, 4,000; market 25c higher; lambs, 75c-1.00; ewes, 100c-500.

**Sugar and Coffee**  
NEW YORK, July 1.—Sugar, steady; raw, 400, delivered; granulated, 520c-530.  
Coffee: No. 7 Rio spot 6 1/4-6 3/8; No. 4 Santos, 9 1-2-9 3/4.

**San Francisco Market**  
SAN FRANCISCO, July 1.—Poultry: Broilers, 3 1/2-3 3/4; large hens, 25c-33c; ducks, young 30; old, 25.  
PRODUCE: Potatoes, old crop 12c-14c; new whites, 20c-25c; New Garbanzo, 17c-19c.  
ONIONS: New red 50c-75c; green 17c-20c per box.  
GRAIN: Barley spot feed per cental, 107 1-2-110; shipping, 120-125.

**Chicago Cash Grain Market**  
CHICAGO, July 1.—Grain prices were irregular on the Chicago Board of Trade today due to conflicting market reports. Provisions were irregular. July wheat opened at 124 1-2, off 1-4 and closed off 1-4. September wheat opened up 1-4 at 124 and closed 2 cents lower.  
July corn opened up 1 cent at 61-7-8 and closed up 7-8. September corn opened up 6-8 at 62 1-2 and closed off 3-8.  
July oats opened at 36, up 7-8 and closed up another 7-8. September oats opened up 3-8 at 38 3-8 and closed unchanged.

## Chicago Board of Trade

CHICAGO, July 1.—Cash wheat No. 1 Red 122.  
NEW YORK, July 1.—Mexican Petroleum quickly dropped below par here today. The reaction which set in yesterday with announcement of proposed tariffs on foreign oils was again in evidence.

Mexican Petroleum was 1-4 up on opening at 101 1-4, but almost immediately reacted 3 points to 98 1-4, the low of Thursday. Pan American "B" made a record low at 27, off 1-2. General Asphalt in the early trading got below 48.

U. S. Steel was 1-8 off at 74. Rails were fractionally higher.

Opening quotations included: Crude, 37 1-2, off 1-4; Texas company, 33, unchanged; Northern Pacific, ex-dividend, 69 1-2, off 1-8; Southern Pacific, 74, up 1-8; Bethlehem "B", 47 1-2, unchanged; U. S. Steel, 74 3-4, off 1-8; Sinclair, 50 3-8, up 1-4; New York Central ex-dividend, 69, up 1-8; Studebaker, 76, off 3-8.

Rails and specialties were strong later in the session. A better feeling toward carriers appeared to prevail. Among specialties were United States Realty up 3 at 60 1-2; and Virginia Carolina up 5 1-2 at 75.

Improvement in steel stocks was due to a belief in Wall street that a general readjustment downward of prices and wages will be announced in the next week or two.

A rally by Mexican Petroleum carried the stock up to 100 1-2-3, 4 1-2 from the early low. The gain helped General Asphalt and Pan American issues. The rest of the list continued dull.

The after-lunch period was dull as preceding days this week. Mexican Petroleum held about 2 points above the morning's low.

Baldwin and American Locomotive were strong on the hope for good equipment orders this month.

SPICER'S

## BADGES PINNED ON BOY SCOUTS WHO FINISH TESTS

Important Milestone In History of Movement Is Passed

### GOOD WORK IS PRAISED

Addresses Delivered Following Court of Honor Banquet

Another milestone in the history of the Boy Scout movement in Orange county was passed last night when seven scouts were presented with their first class scout badges.

Presentation took place following a banquet held at James's cafe, with Dr. Roy S. Horton, president of the court of honor of the county scout organization, in charge of the ceremonies.

Up and coming, quick with their answers, the seven boys acquitted themselves with great credit last night as they were put through a series of tests.

The seven boys who received their badges last evening are Keith Belsel, Ronald Buell, Arno Finster, Bob Gilbert, Glover Hendrickson, Lester Moon and Bob White, members of troops in Santa Ana, two from Troop No. 8 and four from Troop No. 6.

**Marks Achievement**  
The gathering last night was of importance as a milestone in the history of the organization inasmuch as it evidenced the growing forcefulness of the work here. It was pointed out in an address by M. B. Wellington, president of the county council, last evening that when the county organization was undertaken last fall there were not sixty boys in the county in scout troops. Now there are about 500 boys in the twenty-one troops in the county.

A review of the beginning of the county organization was given in a talk last evening by S. J. Cornell, scout commissioner, who, more than any other man is credited with the understanding of the movement and the enthusiasm for it that brought about the county organization.

During the evening Dr. Horton, who was in charge, called on a number of those present for talks. Among those who spoke were Mrs. Neal Belsel and Mrs. Guy J. Gilbert, each a mother of a scout among the seven for whom the banquet was held.

Each mother declared that in her own experience with the results of Boy Scout work, scouting had proven to have a wonderful influence on boys. Mrs. Belsel said that she believed the same kind of work should be extended extensively to girls.

The principal addresses of the evening were by Attorney L. A. West and City School Superintendent J. A. Crangston.

**Boy Scout Oath**  
In opening his address West read the Boy Scout oath:

"On my honor I will do my best: To do my duty to God and my country, and to obey the Scout Law;

(Continued on Page Eight)

## Tale of Kitty's Tail Is Told; All's Well As Result of Ad

Kitty's expressive tail is up again. All because advertising pays. Kitty's tail is the barometer of its owner's feelings.

All the way down — miserable. Half way up — change for better or worse. All the way up — ecstatically happy.

Advertising returned Kitty's tail from the low angle to its present perpendicular.

Therefore Kitty believes in advertising.

"I was lost," purred Kitty, slapping at an adventurous fly, "and an ad in The Register found me."

The interview took place at the home of Miss Mabel Robertson, 11-year old daughter of Mrs. Mary B. Robertson, 1317 North Main street, the loving mistress of Kitty.

"When Mabel and her mother went to Los Angeles a week ago they had to leave me behind. Unluckily, the neighbors also were away, and being a regular home kitten, foraging for food to me is a lost art. So I got lost."

"It seems that Mabel returned from Los Angeles on Friday of that week and discovering my absence immediately inserted an ad in The Register. Really, she took my loss to heart. So much so that her mother sent her to Riverside to visit."

"The ad saved my life. Miss Marjorie Kittle of 1428 Bush street, picked me up and took me to my home Saturday — the day after the ad appeared."

"I was somewhat dismayed when I was not welcomed by my mistress, but she returned home as soon as she heard that I had been found."

"The Register ads certainly bring results. I believe—Kitty wrinkled a supercilious nose, "I believe there were half a dozen stray grey kittens brought to this house as substitutes for me."

A saucer of milk ended the interview.

## PLAYGROUNDS WILL OPEN NEXT TUESDAY

On Tuesday, July 5, the summer playgrounds will open at Roosevelt and McKinley schools. The grounds at Roosevelt will be in charge of Mrs. Ella Maxwell and those at McKinley in charge of Miss Cora Ritter. Both supervisors have had much experience in the handling of children and both are teachers in the public schools.

Children from five to twelve years of age are cared for by the supervisor, although children over or under these ages are welcome to the playgrounds. A child under five must have some older child to look after him.

These playgrounds are for all children, and they afford a happy, healthy out-of-doors occupation, carefully supervised, for all who make use of them.

The hours are from nine to twelve and from two to five.

Engine, pump and windmill repairing. J. G. Limbird, 324 Halesworth St. or Phone 228-W, after 7 o'clock evenings.

## CHOSEN TO AD PROJECT FOR HOSPITAL

President J. C. Metzgar Appoints Committee Assistants

With announcement today by J. C. Metzgar of standing committees, complete organization of the Santa Ana Community Hospital association for the coming year has been effected.

Metzgar was elected president of the association at the annual meeting held recently. Plans are being discussed and are now under advisement for putting over the project for providing a first-class community hospital plant for Santa Ana.

It is probable that immediately following the summer months the decks will be cleared for an active campaign. In behalf of a fund to provide a site, a building and equipment will be started and carried on with energy.

It is proposed to make it an endowed institution and those who are at the head of the movement believe that success will attend the effort. The committees, as named by the president, are as follows: The first named on each committee being chairman:

Attorney—Clyde Bishop. Auditing—Charles F. Smith, Mrs. E. D. Burge, Mrs. C. A. Riggs. Building and Grounds—Mrs. E. T. Mateer, C. L. Cotant, H. A. Gardner, Mrs. J. C. Metzgar, Fred Rafferty.

Building Site—S. J. Cornell, F. C. Blauer, Dr. J. M. Burlew, Dr. A. H. Domann, C. A. Riggs. Finance—Judge Z. B. West, Alex. Brownridge, D. N. Kelly, C. A. Riggs, Rev. J. A. Stevenson.

House—Mrs. E. D. Burge, L. J. Carden, Mrs. J. H. Rankin, J. S. Runyan, Dr. W. H. Waffle. Membership—Mrs. C. A. Riggs, Freeman H. Bloodgood, Dr. H. N. Brothers, S. H. Finley, Mrs. S. E. Saunby.

New Building—E. B. Collier, Dr. J. I. Clark, P. P. Nickey, W. B. Tedford, Dr. G. M. Traile. Nurse Training School—Mrs. Susie M. Rutherford, Mrs. J. I. Clark, Mrs. A. J. Crookshank, Mrs. L. L. Shaw, Mrs. J. A. Stevenson.

Publicity—Horace Fine, L. R. Crawford, Rev. Jno. Oliver, Mac O. Robbins, L. L. Shaw. Ways and Means—F. C. Blauer, J. P. Baumgartner, P. G. Belsel, J. Crookshank, Rev. Otto S. Russell.

**GIVES LEGION POST SITE FOR NEW HOME**  
SAN PEDRO, July 1.—Mrs. R. F. S. De Dodson has presented to the Harbor Post, No. 65, of the American Legion, deeds to a 40x125-foot residence lot on Tenth street, between Grand avenue and Gaffey street, on which the Legion will probably erect its proposed new home.

Mrs. Dodson's son, James, made the presentation of the lot quite unexpectedly. The members of the post replied by voting to draw up a resolution of thanks to the donor. The post recently held a drive to raise funds for the erection of a new home.

**BODY OF FULLERTON BOY ON WAY HOME**  
Information received today from Fullerton is to the effect that the body of Jesse L. Foster, killed in action on the Argonne front September 29, 1918, was sent from France in the second shipment of bodies and is expected to arrive in this country very shortly, if it is not already here.

Pending the body's arrival, plans for the funeral to be conducted by the Fullerton post, American Legion, will be furnished by a quartet composed of Maurice Phillips, Harry Garstang, Robert Brown and Charles Chapman.

At the close of the program refreshments will be served and an informal good time enjoyed by the assembled Masons.

**LEGIONNAIRES ARE HEROES AT PUEBLO**  
INDIANAPOLIS, July 1.—Almost incredible feats of bravery and sacrifice of members of the American Legion in administering relief in the flood-stricken city of Pueblo were recited by Harry A. Sullivan, of Denver, in a recent report to the national executive committee of the American Legion here. The committee voted \$500 for relief work.

The only bridge left standing at Pueblo following the rush of floodwaters was a railroad trestle at Buttes. Over this quaking structure in the darkest hours of the night passed the first relief trucks to enter the stricken city. The trucks were manned by members of the American Legion.

The last word out of Pueblo after the waters swept down upon the city was a call for help from Pueblo posts of the American Legion to their comrades posts in Denver. The response was immediate. The legion men were the first to enter the city. They procured boats and rescued survivors from house-tops and second stories.

After the waters had receded the Legionnaires remained on duty to assist in caring for the suffering survivors.

**VOCATIONAL EXHIBIT PLANNED FOR FAIR**  
SACRAMENTO, July 1.—The vocational exhibit at the coming State fair, to be held here September 2 to 11, inclusive, will be the finest that has ever been shown in the West. This statement today was made by Ellis Franklin of Colfax, director of the State Agricultural society, who has just returned from a tour of the state in the interest of the educational departments of the fair.

Franklin said that the public schools of the state will take an part in the display and promise has been made of an unusual exposition of the products of manual training, domestic science, etc. The building to be devoted to the vocational exhibits is one of the largest on the fair grounds.

The vocational department has done much in fairs past to encourage conservation and production among the school children. A fine list of premiums has been offered by the fair association for the successful competitors.

**NEWSPAPERS KEEP PEOPLE WELL, CLAIM**  
ATLANTIC CITY, July 1.—Newspapers were credited with keeping people well by Dr. Caldwell Morrison of Newark, in an address before the Allied Medical association convention.

"The daily newspaper," he said, "keep the people well informed. They are learning not to need the doctor nor his medicine. Soon the great surgeon, the distinguished specialist, the doctor-druggist, and the scientists alone will be left."

Home cooked food and home baked cakes and pies at Martin's Restaurant, Balboa.

## COMMITTEES TO AND HARBOR SELECTED

D. Eyman Huff Gives Names of Leaders for County Project

D. Eyman Huff, president of the Orange County Harbor association, organized in the interest of developing industries and tonnage for Orange county harbor, today announced the following standing committees, the first named being chairmen:

Harbor administration and operation—J. P. Baumgartner, Santa Ana; J. J. Schmitzer, Newport Beach; T. L. McFadden, Placentia. Harbor planning and expansion—H. A. Lake, Garden Grove; J. L. McBride, Santa Ana; Dr. J. D. Thomas, Olive.

Publicity—Horace Fine and Wayne Goble, Santa Ana; L. N. Kirkpatrick, Newport Beach. Railroad rates—Charles Eygabroad and Fred L. Sexton, Anaheim; L. S. Wilkinson, Newport Beach.

Financial—A. S. Bradford, Placentia; J. A. Porter, Newport Beach; Harry D. Riley, Anaheim. Membership—J. C. Wallace, Santa Ana; E. E. Jahraus, Laguna Beach; L. A. Copeland, Huntington Beach; D. Jessurun, Anaheim; A. G. Kendall, San Bernardino.

Foreign and coastwise trade—W. S. Wheaton, Santa Ana; C. L. Crumrine, La Habra; W. B. Clancy, Riverside. Entertainment—A. B. McCord, Anaheim; J. P. Greeley, Balboa; Fred A. Grote, Orange.

Legislative—Clyde Bishop and H. C. Head, Santa Ana; Rex. B. Goodell, San Bernardino. Citrus shipments—C. L. Crumrine, La Habra; Joy Jameson, Corona; Was. Irvine Jr., Tustin. Industrial and manufacturing—F. C. Krause, Fullerton; E. C. Amling, Orange; J. F. Rogan, Huntington Beach.

Education—J. A. Armitage, Sunset Beach; J. C. Metzgar, Santa Ana; S. H. Finley, Santa Ana. Trucking transportation—G. W. Young, Santa Ana; N. T. Edwards, Orange; James Sleeper, Santa Ana. Naval Affairs—Lew H. Wallace, Newport Beach; Dr. P. R. Reynolds, Santa Ana; T. B. Talbert, Huntington Beach.

Yachts and pleasure craft—A. J. Twist, Balboa; L. G. Swales, Santa Ana; William Schumacher, Buena Park. Commodity survey—T. E. Stephenson, Santa Ana; Clyde Bishop, Santa Ana; R. L. Obar, Huntington Beach; G. S. Wilson, Newport Beach; H. M. Adams, Anaheim.

**NEW LODGE TO BE HOST NEXT TUESDAY**  
An event in Masonic circles which is being anticipated by Masons all over Orange county, is the second stated meeting of the recently organized blue lodge, the "Silver Cord" lodge of Santa Ana.

This is scheduled for Tuesday night, July 5 and an invitation has been extended to all the lodges of the county to be the guests of the Silver Cord lodge on that evening.

D. M. Loveridge is at the head of the committee on entertainment and is assisted by Fred Medberry, Jack Willey, Dr. J. E. Paul and Ward Sutton. The interesting program arranged will consist of talks on Masonic matters by Dr. Roy S. Horton, past master of Santa Ana Masonic lodge No. 241, L. G. Whitsett, master of Orange lodge, E. H. Metcalfe, past master of the Anaheim lodge and Stanley Reinhaus, master of Santa Ana lodge.

The musical part of the entertainment will be furnished by a quartet composed of Maurice Phillips, Harry Garstang, Robert Brown and Charles Chapman.

At the close of the program refreshments will be served and an informal good time enjoyed by the assembled Masons.

**WILL ERECT SCREEN TO SAVE BASEBALLS**  
SAN FRANCISCO, July 1.—Uncle Sam has paid more than \$100 during the last three months for baseballs batted into the waters of San Francisco bay by soldiers and prisoners playing at the United States army disciplinary barracks on Alcatraz island, near here, according to Col. Osmun Latrobe, education and recreation chief for the ninth corps area of the army.

To prevent loss of baseballs in the future, the colonel recently ordered the soldiers to erect a big wire-mesh barricade around the Alcatraz diamond.

The only section of the little rocky island on which baseballs have been played is so close to the water that a good hit, it is said, can be caught only by a fielder in a boat. For a time recently the average of lost balls was seven to a game.

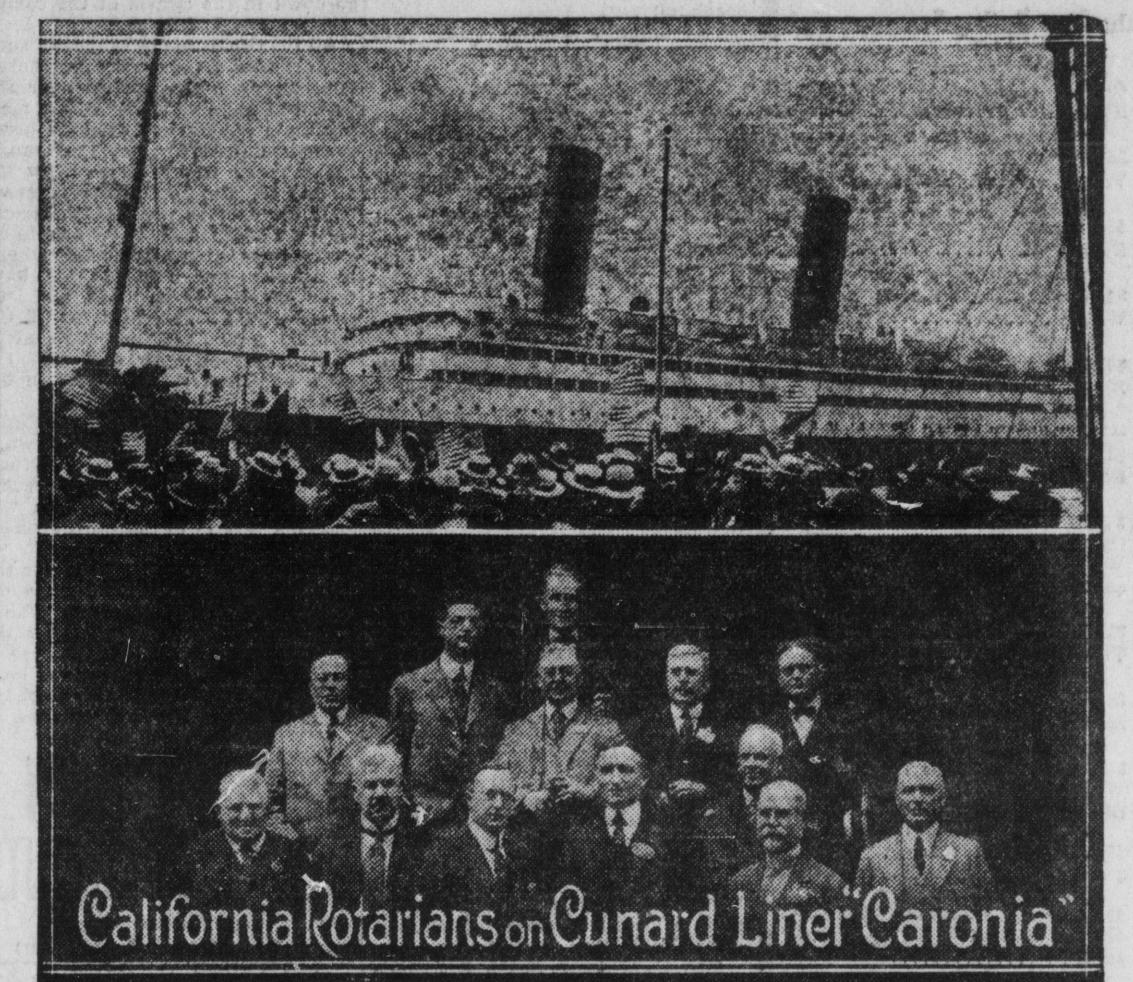

**WILSON ADMITTED TO NEW YORK COURTS**  
NEW YORK, July 1.—Former President Wilson has been admitted to the courts of the state of New York.

Wilson was not present in person, but was admitted on motion of former United States Senator James A. O'Gorman. All the justices of the court were present out of respect to the former president, although ordinarily only five members sit at a time.

Wilson was admitted in the District of Columbia courts last Saturday. He will enter a partnership with former Secretary of State Bainbridge Colby.

Home made candies at home made prices. Nougats, fudges, creams. Lioni Candy Kitchen, 211 West 4th.

## SANTA ANAN WITH ROTARIANS TO BE SHOWN FRENCH BATTLEFIELDS

California Rotarians on Cunard Liner Caronia

Santa Ana Rotarians are interested in a dispatch from Paris stating that 200 American delegates to the congress of the International Association of Rotary clubs, which met in Edinburgh, Scotland, two weeks ago, have arrived in Paris, and it is expected that more than 600 representatives of every state in the union, will be in Paris by Saturday. The Americans will be accompanied by about 200 English Rotarians.

An elaborate program of entertainment has been planned for the visitors. They will visit Chateau Thierry and Belleau wood with Gen. Nivelle, one of the French commanders on the western front during the critical days of 1918. Crawford C. McCullough of Fort William, Ont., the newly elected international president, will place a wreath on the grave of the unknown soldier buried beneath the Arc de Triomphe in Paris.

It is thought by Rotarians here that Charles F. Heil, who is delegate of the Santa Ana Rotary club, is with the Rotarians now in Paris. Heil spent several weeks in France previous to the opening of the Rotary convention, and it is possible that he will not make the journey in France with the Rotarian delegations. Heil is expected to return to Santa Ana in the next few weeks.

**FUNERAL TOMORROW SET FOR 3 O'CLOCK**  
Funeral services will be held tomorrow afternoon for Mrs. Albra N. Smart, wife of James S. Smart, whose death occurred Monday.

The two sons of the family, Hoyt N. Smart and J. S. Smart Jr., who were summoned from their Michigan homes by the death of their mother, will arrive in Santa Ana at noon tomorrow, and the funeral services will be held at 3 o'clock from the Mills and Winbiger chapel.

The Rev. John Oliver of the First Methodist Episcopal church will officiate and upon request of the family, Edward Newman will sing "It Is Well With My Soul" and "Lead Me Gently Home," both of which were favorite hymns of Mrs. Smart's.

After the services at the chapel, the casket will be borne to its last long resting place in Fairhaven cemetery by the two sons, Hoyt and J. S. Smart Jr., and H. D. Final and J. W. Smart.

## COUNTY SIGNING UP CONTRACTS FOR 150 NEW TEACHERS

Supt. Mitchell Estimates There Are Fifteen Vacancies

### ENROLLMENT INCREASED

Attendance Officer Watches Those Who Quit Classes

One hundred and fifty teachers who never were in any Orange county school department before will begin work here when the summer vacation begins. These 150 teachers have been given contracts.

Yet some fifteen vacancies remain. Increased school attendance adds fifty teachers to the county quota, making a total in elementary and high schools of 570 teachers for the coming term.

R. P. Mitchell, county school superintendent, said yesterday that though the county school report for 1921 is not complete, these round figures are correct insofar as a review of the school situation is concerned.

**School Figures.**  
Taking the incomplete report and using the figures of completed returns from a number of the school districts, the superintendent made the following estimates of increase in attendance during the 1921 school year over that of 1920:

Thirty per cent in the grade schools. Twenty-five per cent in the high schools.

Illustrating this increased attendance, figures of several incorporated towns of Orange county are given, with the number of teachers, and pupils:

	—1920—	—1921—
Town—	Pis. Thrs.	Pis. Thrs.
Anaheim .....	852 25	* ..
Brea .....	295 9	347 10
Fullerton .....	594 17	734 21
Huntington Bch. ....	257 8	441 13
Newport Bch. ....	101 3	172 5
Orange .....	645 19	* ..
Santa Ana .....	1930 55	* ..

\*1921 report not entered to date.

"The vacancies for teachers are mainly in the primary grades," Superintendent Mitchell said. "These teachers require special training. Their work is to start the child in school life and is of great importance."

**Select Their Jobs?**  
"Teachers are hard to get in all departments. Particularly is this so in the country districts. Apparently the teacher would rather work in the city, where there is more chance for association with other teachers."

Some cities like Los Angeles pay teachers more. When the recent raise in pay throughout the state went into effect, Los Angeles promptly increased the pay of its teachers still further.

"The natural result is that many teachers first apply for positions in the city schools. Those who do not secure city positions then take such openings as offer in the country."

"I have not received complete information regarding the various teachers who are coming for the new term, as, of course, they are hired by the district trustee and do not come to me until they want their certificates."

"When I was a teacher? "Oh, salaries of school teachers since that time, some fifteen years ago, have increased 66 2/3 per cent. In my first school I received \$75 a month, which was considered good pay. Today the teacher in that same district receives \$150 a month."

"The fact that educational standards climbed and still are climbing, "In those days, one could go from

## HURRAH FOR THE FOURTH OF JULY!

### HUNTINGTON BEACH TO HAVE BIG TIME

One of the most spectacular exhibition of night fireworks ever presented in Southern California, will take place at Huntington Beach the night of July 4th as a fitting climax to a three-day celebration at the beach city.

The athletic carnival which will be held on Main street starting at 4 p. m. Monday, will consist of all kinds of running races, catching the greased pig, climbing the greased pole and the one big event of strength and skill—the tug-of-war between some of the big oil workers in the field.

Through the American Legion, a boxing contest will be staged. The main event will be between Young George of Los Angeles and Kid Mexico of Huntington Beach.

The committee has also secured the Babcock's Carnival company, with a trainload of features to show the entire week on Ocean avenue, east of Main street.

The Fourth of July committee of the chamber of commerce, with D. W. Huston chairman, has been working hard to make this celebration the greatest ever held at Huntington Beach and it has not spared time nor expense.

T. B. Talbert will be grand marshal of the day and will lead the big automobile parade, which starts at 10 a. m. from the corner of Seventh and Ocean avenues, and will follow this line of march from Seventeenth and Ocean east to Main street, then south to Ocean avenue, then west to Eighth street, disband in front of the Huntington Inn.

Charles G. Boster will handle the parade and has appointed Judges. The finest decorated automobile or float will receive \$25; second prize, \$15; third prize, \$10.

Elson G. Conrad and Charles G. Boster will handle the athletic carnival which will start immediately after the boxing contest.

The Huntington Beach committee states that it has made preparations to handle 75,000 people.

### TO HELP CRIPPLES WITH FEDERAL AID

SACRAMENTO, July 1.—A plan to carry out the provisions of the bill passed by the last legislature and approved by the governor for the vocational rehabilitation of cripples in California through federal aid, has been adopted by the state board of education. Under the plan, which was worked out by Dr. E. R. Snyder, state commissioner of vocational education, all cripples, regardless of sex, over the age of fourteen years, will be eligible to the benefits of the new law.

Dr. Snyder declared that where possible the cripples will be taught in the public schools, but for those who are not in a position to attend school, tutors will be provided. A supervisor, who will act as Dr. Snyder's assistant, will administer the law.

The act carries an appropriation of \$35,000, which will be increased by \$32,500 from the federal government. Dr. Snyder's plan now will be submitted to the federal board for vocational training for approval.

### TELEGRAPH TOLLS TO BE CONTINUED

SAN FRANCISCO, July 1.—Rates established under federal control for the Western Union Telegraph company, applying to California business, will continue in effect for the present under a ruling of the railroad commission, which held that the existing California rates are not unreasonable.

The commission investigated the rate question and found that the company had not profited by the higher rates allowed under federal control because operating costs also advanced.

Want Ad publicity is valuable publicity—and cost but a trifle.

### LAGUNA BEACH IS READY FOR CROWDS TO COME ON FOURTH

Already gay groups of motorists are beginning to gather at beautiful Laguna Beach for the celebration of Independence Day and the long holiday which marks its appearance this year.

For Laguna has decided to throw dignity to the winds and will stage a celebration of the day which will go down in the annals of the colony as "One wonderful day."

All the occupants of the many summer cottages along the coast are planning merry house parties over the week-end and motor parties are making their appearance early in order to reserve favorite camping grounds.

For those who wish to view the glories of the California scenery from the vantage point of the clouds, airplane rides will be available as arrangements have been made where by Hawkes and Rambau will have their big Pacific-Standard bird stationed at the flying field for all the intrepid spirits who are not content to remain with their feet on the earth and merely their heads in the clouds.

A water carnival will be a delightful feature of the afternoon when amphibious mortals may show their prowess in the briny waters; while athletic contests on the beach will offer the variety of the third element wherein man may show his skill.

For those who will remain for the evening, there is promised an unequal display of fireworks which, in the finale of the day, offer the fourth element of fire to the three of air, earth and water which will have figured in Laguna's observance of the greatest of our national holidays.

### BADGES PINNED ON SEVEN BOY SCOUTS

(Continued from Page Seven)

"To help other people at all times; To keep myself physically strong, mentally awake, and morally straight."

"I like the Boy Scout work because it stands for clean living," continued West. "If we had Boy Scout influence and impulses among all the boys of this country we would have a mighty little work for the probation officer to do."

"I wish every boy could have Boy Scout training," said Cranston. "We see evidences of its value every day in our schools. One can go among these boys and pick out Boy Scouts, for the scouts are always manly, courteous and straight in their carriage. The great problem in our schools today is discipline. I am glad to see that the Boy Scout organization emphasizes obedience. I am glad to see that it takes account of the physical, mental and moral welfare of boys, for those three things lead to character and character leads to service."

In his talk Scout Executive E. E. Heidt praised the work that has been done by grown-ups in establishing the work of the Boy Scouts.

Those present last night with the seven scouts included George McConnell, a life star scout with seventeen merit badges. Parents of the boys were with them on this occasion. The list of those present at the banquet follows:

Dr. and Mrs. Roy S. Horton, Mrs. Victor Hendrickson, Mr. and Mrs. N. Beisel, Mr. and Mrs. L. R. Klatt, Mr. and Mrs. Guy J. Gilbert, Mr. and Mrs. W. B. McConnell, Mr. and Mrs. K. Moon, Mr. and Mrs. Everett A. White, Milton R. Foster, Cecil Birtcher, H. G. Meyer, L. R. Crawford, J. P. Baumgartner, H. A. Tierman, Herbert O. Davis, Sam Jernigan, Jack Hamilton, J. A. Cranston, L. A. West, E. E. Heidt, C. A. Gustlin, S. J. Cornell, F. E. Russell, W. W. Jones, Don Hillman, M. E. Wellington, Walter Vandermast, T. E. Stephenson, W. C. Jerome, W. H. Spurgeon.

Singing by those assembled, solos by E. E. Heidt and a piano solo by Bob Gilbert were part of the evening's program.

### NEWPORT-BALBOA PLAN CELEBRATION

"Hurrah for the Fourth!"

Such will be the message of the air, the waves and the sunlight at Newport and Balboa beaches at the dawn of the "Great and Glorious" for the two beaches will be the scene of one of the gayest celebrations ever staged in their history.

Many thousands of people are expected to be present to enjoy the national holiday by the seaside and in anticipation of their coming, the two beaches are preparing for a gala day indeed.

At Balboa, the Pacific Electric band of forty pieces will appear and at the naval dress parade of the Newport Harbor Yacht club which is scheduled for 2 o'clock, will occupy a prominent place in one of the largest boats. In this dress parade, it has been announced by Commodore Putnam that ninety boats will be in line and the route to be followed will be from the clubhouse past Balboa, out the harbor entrance and up the coast to East Newport and return.

Water sports will fill an hour on the afternoon program as will dancing at the pavilions.

In the evening a gorgeous display of fireworks from the end of the pier is promised. At Newport, the Hawaiian orchestra will give concerts at stated intervals and six big vaudeville numbers will be given afternoon and evening. With a Saturday to Tuesday holiday it is anticipated that the entire beach between the two popular piers will be covered with camping parties while the cottages will all have their usual quota of occupants.

With the arrival of countless motor parties for the day itself the two beaches expect to be crowded to their capacity by merry-making crowds.

### INQUEST IS TO BE HELD NEXT TUESDAY

Coroner Charles D. Brown stated today that the inquest over the body of Mrs. Emma Wright of Los Angeles, who died as the result of injuries sustained when she was struck and knocked down by an automobile, would probably not be held before next Tuesday.

The inquest is being deferred pending the arrival of a nephew of the deceased from the state of Washington. A niece of the dead woman who resides at Long Beach has been notified. Brown stated that a number of witnesses to the accident also would have to be located in Los Angeles and San Diego.

The intervening holidays are given as another logical reason for holding up the investigation into the woman's death.

Mrs. Wright was a passenger in a north bound stage when it stopped for repairs two miles south of Irvine station about noon Wednesday. With several other passengers she started across the highway to a shady spot. In attempting to dodge a car coming from the north she is said to have walked in front of a machine driven by H. W. Clarkson of San Diego.

Mrs. Wright sustained a fractured skull. She was brought to the hospital by Clarkson and died about 6 hours after the accident.

**3 JOCKEYS FATALLY HURT**  
LATONIA, Ky., July 1.—Jockeys Murphy, Heinisch and McCoy were probably fatally injured in a pile up in the third race here this afternoon. The boys were taken to a hospital in Covington.

## MILK PRICES IN SANTA ANA GO DOWN

Milk prices in Santa Ana took another tumble today. The Excelsior Dairy announced a new schedule of eight cents for pints and fifteen cents for quarts. Prices since the former reduction have been nine cents for pints and sixteen for quarts.

Cream in half pints drop from sixteen to fifteen cents.

The decline is effective also throughout Southern California, according to published reports. The new prices are said to have been the result of a conference in Los Angeles last evening between producers and distributors.

Lower production costs and willingness of producers to pass the reduced costs along to the consumer is said to be responsible for the reduction retail.

Leaders in Los Angeles of a movement to force milk prices downward asserted last night that they would continue to fight for further reductions.

### COUNTY IS SIGNING UP NEW TEACHERS

(Continued from Page Seven)

the ninth grade into a three-year normal course and then teach. Today, prospective teachers must complete the high school course, then take two years in normal school before qualifying for a certificate. "Grade school teachers today in this county are receiving salaries ranging from \$1200 to \$1600, while the high school teachers get from \$1800 to \$2600."

An attendance officer served his first term of office with the school department this year. The success of his work will be shown in figures when the school report is completed. The position was created in an effort to find why the majority of children enrolled in the first grade vanished before the eighth grade was reached.

In 1920, 1356 boys and 1223 girls were enrolled in the first grade, while there were but 409 boys and 457 girls in the eighth grade.

Further facts in answer to this "Why" will be shown by the record of acceleration and retardation, showing the various ages of students in the respective grades.

### FILIPINO IN COURT SEEKING PROBATION

Jose Rey, Filipino, aged 19, today appeared before Superior Judge West for arraignment on a charge of grand larceny. He pleaded guilty and asked for probation. The hearing was continued to next Friday, July 8, at 9:30 o'clock.

It was charged that Rey stole \$378 worth of clothing and jewelry from the home of E. K. Benchley, wealthy rancher of the Fullerton district on May 15. The articles taken included one cameo pin, one gold piece, a pair of diamond earrings, two gold pins, one shirt, one hat and a vest.

He is alleged to have shipped the stolen goods to a friend in New York city. Probation Officer Paul Wright is negotiating for the return of the property.

## Nerves

Nerves are funny things, aren't they? And how they do get us to worrying about things. Oftentimes they make us imagine all sorts of accidents and catastrophes that might possibly happen. But if we are fully covered by insurance there is no need to worry about motor accidents. We are always fully protected against loss. How about it, are you a member of the Automobile Club of Orange County? Its Indemnity Exchange will fully protect you against all loss. Better join now. Tomorrow might be too late. Besides it's an awfully good investment for you.

### Automobile Club of Orange County

### MUST USE MEX. MONEY IN MEXICO, RULING

LAREDO, Tex., July 1.—Mexican government orders effective today declared all purchases in Mexico must be made with Mexican money.

Shopkeepers at Piedras Negras, across the Rio Grande, were refusing all American money. The new order caused great inconvenience to Americans shipping across the river.

Arrangements are being made for better money changing facilities at the international bridge.

Just the coat you will want to wear with those white flannel pants.

**White Flannel**  
and  
**STRIPE, SERGE PANTS**

\$5.00, \$7.50, \$10

**WHITE BELTS**

\$1.00 to \$2.00

## DEMAND FOR TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold In Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Tanlac to reach the public was sold just a little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over Twenty Million (20,000,000) bottles, establishing a record which has probably never been equalled in the history of the drug trade in America. Fame is International.

The instant and phenomenal success which Tanlac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international in its scope and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it. From coast to coast and from the Great Lakes, Tanlac is known and honored. Millions have taken it with the most gratifying and astonishing results and have pronounced it the

greatest medicine of all time. Tens of thousands of men and women of all ages in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified that they have been fully restored to their normal weight, health and strength by its use.

Restored to Health. Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, constipation, bad complexion, loss of appetite, sleeplessness at night and, of terribly dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by the use of Tanlac. Tanlac is sold in Santa Ana by Rowley Drug Co., and leading drug-

# Timely Germain Tips

Published Weekly

by Germain Seed and Plant Co.

LOS ANGELES

Vol. 11

Published Weekly in this Paper

No. 24

## PLANT GERMAIN'S PROVEN SEEDS

A well-planned garden is the shortest route to the savings bank. It pays you well to grow your own vegetables—you have the soil, the climate, the water—all you need is Germain's tested seeds. Right now you can plant Early Refugee Stringless beans, Stratagem Peas, Iceberg Lettuce, Minnesota Sweet corn (matures in shortest possible time), White Icicle Radish, Crookneck Summer Squash, Summer Spinach and scores of other hardy growers. Consult Germain's Seed Case or free Garden Encyclopedia for other varieties. Packets 10¢ postpaid. Ask your dealer.

## "WHAT SHALL I DO TO GET RID OF APHIS?"

"Use Floral Nicotine"—is the answer to this question. It effectively kills aphids on flowers, roses, garden truck, etc. 25¢, 50¢, \$1. (Sent express collect).

## DON'T FORGET SALT! YOUR STOCK NEED IT

Leslie's solid-pack bricks at 30¢ each are wired for hanging. Unwired bricks—5-lb. weight—25¢. (Add 5¢ for postage and packing).

## BE PREPARED FOR GRASSHOPPER INVASION

Preparedness—that's the keynote of grasshopper control. When the swarm visits your lands, be prepared with Kill Hopper—the new discovery that means death to these pests without danger to your stock or children. 5 lb. can—enough for 5 acres—\$1.50. (Sent express collect).

## 20 TIMES STRONGER THAN CARBOLIC ACID

Think of a disinfectant 20 times stronger than carbolic acid which is neither caustic nor poisonous! This is Carbola—the snow white paint that makes interiors cheerful, light and free from germs, lice, mites and vermin. Apply like whitewash—will not blister, flake nor peel off. Economical to use—a boon to stock and poultry raisers. 10 lbs. \$1.50. (Sent express collect). Ask your dealer.

## TREAT YOUR BEANS WITH "FARMOGERM"

Beans, peas, alfalfa, clover—in fact, all legumes—should be treated with Farmogerm before planting. This nitrogen-fixing bacteria will insure early maturity and practically double the yield. Garden size 50¢; acre \$2; 5-acre \$8. (Add 5¢ for mailing). Ask your dealer.

Casaba on ice is a treat to look forward to—if the variety grown is Germain's Golden Beauty. Besides its honey sweetness and delicious flavor this melon is a good keeper and excellent shipper. Packet 10¢ lb. \$2.50, postpaid. Ask your dealer.

## NUVIDA PUTS LIFE IN FLOWERS AND FERNS

Wonders can be wrought with your house plants, flowers and ferns if you use Nuvida Fertilizer. It starts new and luxuriant growth and makes blossoms more beautiful in shape and color. Package 35¢; postpaid 40¢. For lawn and garden buy Nuvida by the 100 pound sack—\$4. Ask your dealer for NUVIDA.

## PEST CONTROL EASY WITH DEMING PUMP

It's so easy to use a Deming SUCCESS Spray Pump, you won't let pests get a start. Made of brass that will give a lifetime of service. Use for disinfecting poultry houses, rabbit hutches, kennels; spraying trees, garden produce and flowers; washing windows and the auto; whitewashing. This pump of many uses costs but \$9. (Sent express collect). Ask your dealer.

## WOMAN FAINTS THREE TIMES IN COURT

Still suffering from extreme nervousness and thoughts of the fiendish attack to which she was subjected on the night of June 8, Mrs. Blanche Staley was at her home in Anaheim today, following a trying ordeal in the justice court here yesterday afternoon when she faced the man accused of the assault.

During the course of the preliminary hearing Mrs. Staley fainted three times. She was in a state of nervous collapse all of the time she was in court and because of her excitable condition she was not required to take the witness stand.

Judge Cox, Deputy District Attorney C. N. Mozley, Major E. J. Marks, attorney for Emil Crispino, the defendant, and the court reporter, L. W. Slabaugh stood about Mrs. Staley in the rear of the court room and secured her testimony.

Accompanied by a woman friend, Mrs. Staley arrived in the justice court a few minutes before Crispino, her alleged assailant, was brought in. The moment she entered the court room she halted in her steps and said in a faint voice: "Oh, I'm afraid." When Crispino was led into the courtroom she saw him and fell into a faint on the floor.

Mrs. Staley was carried into the corridor outside the justice court. She collapsed twice while waiting to be called to testify. A local physician was called and attended her during the ordeal. Mrs. Staley told of being attacked near the corner of Cypress and Claudina streets, Anaheim, about 9 o'clock at night.

She said that the Mexican, whom she had never seen before, stepped from a shadow and asked her where she was going. He then grabbed her and she screamed. He dragged her into the middle of the street holding one hand over her mouth. She screamed again and the Mexican, she said, struck her on the top of her head with his fist. She had but a faint recollection of what happened after that.

Two other witnesses were William W. Topham, 16, and John Duckworth, 20, both of Anaheim. Topham was called to the stand first.

"I was standing in front of a garage on Cypress street when we heard a woman scream," he said. "I ran to the corner and saw a man dragging a woman into the street. She was holding a suit case. The moment the man saw me he dropped the woman and ran faster than I ever saw a man run before."

"What did the woman say when you heard her first outcry?" asked Deputy District Attorney Mozley.

"She just screamed and yelled 'Oh Mr. Policeman!'"

Topham said that he helped another man pick the woman up and place her in a Ford automobile. He did not know who she was at the time, he said.

John W. Duckworth, who declared that he had known Crispino, the defendant, for the past 17 years, told of hearing the woman cry for help. He said that he saw Mrs. Staley's assailant strike her when she called for a policeman.

While neither Duckworth or Topham could positively identify Crispino as the man who attacked Mrs. Staley the former was quite sure that the man was he. At any rate he fits the description.

Crispino was bound over to the superior court and his bail was fixed at \$5000 cash. He is being held in the county jail.

According to Officer O. K. Carr, Crispino made a confession of the attack before him and Mrs. Crispino. It is understood that he will plead guilty in the superior court.

A brother of the defendant, Mike Crispino, is now serving a sentence in San Quentin for a similar offense at Anaheim last fall.

## CELEBRATE FOURTH AT SANTA BARBARA

SANTA BARBARA, July 1.—An elaborate Fourth of July program is being arranged for this city. Byron R. Fitts of Los Angeles, department commander of the American Legion, is to deliver the oration. A procession will be the principal feature of the day's exercises.

Places of honor in the procession are to be given the Grand Army men, and affiliated auxiliaries. The Boy Scouts and Wolf Cubs are to enter the parade as their initial appearance in the annual Independence Day celebration in this section.

Advance your own interests by keeping in close touch with willing, tireless workers—the Want Ads.

## CEMENT TRUST IS IN HOT WATER

NEW YORK, July 1.—The government is seeking to dissolve the Cement Manufacturers' Protective association by bringing a civil suit in federal court against nineteen corporations and four individuals.

Violation of the anti-trust laws was charged and the government asked that these corporations and individuals be perpetually enjoined from maintaining a combination and conspiracy to restrain trade.

Members of the association were said to produce ninety per cent of the total Portland cement used in the northeastern section of the country. The action supplemented indictments returned here last March against the Alpha Portland Cement company and seventy-three other corporations and forty-two individuals, charged with combination and conspiracy to restrict cement from the market.

The suit resulted from revelations of price-fixing combinations by the Lockwood state legislative committee investigating housing conditions.

Samuel Untermyer, counsel of the committee, recently started Federal action, charging that the previous national administration had taken no notice of repeated complaints.

## VOTE ON SPECIAL TAX FOR \$6,000

GARDEN GROVE, July 1.—Garden Grove will vote on the proposed special school tax of \$6000 tomorrow. The election will be held in the schoolhouse.

That the measure will carry without opposition, is the general feeling here, today. It provides for bungalow classrooms to be added to the present grammar school building, thereby relieving over-crowded conditions in that school.

Prof. S. R. Fitz emphasized the necessity for these additional classrooms in his talk before the recent meeting of the chamber of commerce. The school, he said, provided for 260 pupils, whereas 370 enrolled during the school year just past. Grade teachers had in excess of 40 pupils in their respective classes. Three first grade teachers handled a class numbering 170.

With the special tax, which will raise the school tax from thirty cents to seventy cents, it is planned to add four classrooms to the school.

## LAUNDRY TAKES TAINT OUT OF HIS MONEY

PASADENA, July 1.—W. O. Pierce a local auto man, was forgetful. He left a wad of paper money in the pocket of a shirt. He put the shirt in the laundry bag and it went away with the rest of the wash.

Thursday the laundry company delivered Pierce not only his shirts and undies, but, nicely starched and ironed, a \$10 bill and three \$1 bills. They had been put through the wash.

## DR. H. B. COX, FAMOUS SCIENTIST, IS DEAD

LOS ANGELES, July 1.—Dr. Harry Barringer Cox, internationally known as the "father of the dry cell," and famous for his many inventions in the electrical field, died at his home, 1692 South Kingsley Drive, yesterday morning after suffering for only a short time from a peculiar affliction of the throat.

Radium, the element to which Dr. Cox gave much study, was used in an unsuccessful attempt to save his life.

Besides his widow, Anne Gilbert Cox, Dr. Cox leaves a son, David Clark Cox of Pittsfield, Mass.; a daughter, Gladys Louise Cox, of Indianapolis; two brothers, George Clark and David C. Clark of New York, and two sisters, Mrs. F. W. Patten and Mrs. Ross Barr, both of Baltimore.

## NOW IN CHARGE OF NEW HIGH DISTRICT

GARDEN GROVE, July 1.—A. D. Hoenschel, former principal of the Orange union high school, assumed his duties as principal of the Garden Grove union high school today. The district here has grown since his recent appointment from a high school district to a union high school district. By the county supervisors' grant of the petition for the affiliation of the high school district of Garden Grove, Bolsa and Alamitos. The petition was heard and granted at the last meeting of the county board.

Election of the trustees of the union high school is scheduled for Monday, July 11. The board will be organized immediately and a special tax will be levied to build a temporary high school building, according to present plans.

Other adjacent districts may be brought into this union high school district before the new school term opens.

Enrollment in the high school for the first year course will number about 60 students, Principal Hoenschel said. Four teachers will be assigned to the school. The remainder of the high school course, completing the regulation four years, will be added as the students progress.

The grammar school board of trustees, of which R. B. Richey is president, have handled the high school matters, to date, but with the creation of the union district an election of trustees is made necessary.

Principal Hoenschel has been with the Orange union high school for the last four years. He was principal of that school for two years but his health, at that time, would not allow him to continue in the executive position.

He will move his household to Garden Grove, August 1, he said.

The quickest and most inexpensive way of getting just what you want, when you want it, is by using the Want Ads.

## MANY ARE KILLED BY INSTRUMENT IN HANDS OF OFFICERS

"Department of Police. Do not steal or carry away this murderous weapon."

Such is the warning printed on the handle of an instrument of death resting on the desk at police headquarters.

The weapon has been used effectively hundreds of times and death has followed in its wake. The police officers have slaughtered more lives with this weapon than they ever expect to slaughter with their trusty Colts.

Chief Jernigan recommends an extensive use of the same sort of an instrument in any office, home or public place.

A "slaughter of the innocent" with this type of weapon will not bring a complaint from either the police or the district attorney.

It's a fly-swatter. Donated to the police some time ago by F. C. Blauser, local grocer.

## WANTS TO SUCCEED HER FATHER IN CONGRESS

CHICAGO, July 1.—Mrs. Winifred Mason Huck, youngest daughter of the late William E. Mason, Congressman-at-large from Illinois, has announced her desire to succeed her father in the Washington position.

She held a conference with Gov. Small, who told her he would give her request serious consideration, but he expressed doubt of his power to appoint a successor to her father. Mrs. Huck is the mother of four children.

## MAY URGE CARPENTIER FOR LEGION OF HONOR

PARIS, July 1.—If Georges Carpentier wins the heavyweight championship of the world tomorrow he will be recommended for the Legion of Honor, according to widely credited reports here today.

He may be cited regardless of the outcome, it was said.

Associates of Gaston Vidal, under secretary for physical education, did not deny the rumors.

Vidal already has asked Carpentier that the entire French nation is hoping for his success.

OTTO MILLER SUSPENDED  
NEW YORK, July 1.—Otto Miller, veteran catcher of the Brooklyn Nationals, has been indefinitely suspended by President Heydler of the National League. Miller engaged in a fist fight at Ebbetts Field with Boeckel of Boston.

## BUILDING REPORTS

BRANDON, Manitoba, July 1.—MacLean's prospective building reports for the prairie provinces for the past week total in value \$2,206,000, which is a considerable gain over the week previous. Manitoba's share of this sum amounted to \$794,950; Saskatchewan, \$172,100; Alberta, \$684,400; and British Columbia, \$554,500.

## BIG DAY LOOMS FOR SAN JUAN CAPISTRANO

Dwellers in the mission valley at San Juan Capistrano are anticipating a merry day tomorrow when the big community picnic sponsored by the Capistrano farm center will occur.

The picnic will have many unusual features, chief among them being the awarding of prizes in the pig contest which has been conducted by a group of young people of the farm center.

Athletic contests, races and stunts of all kinds will fill the afternoon hours, with a greased pig to add to the excitement.

In the evening, a dance will be held at the walnut warehouse, where an orchestra from Santa Ana will play.

The program follows:  
Show and judging of pigs, 11 a. m.  
Big free barbecue lunch, ice cream, coffee, 12 noon.

Hog sale, spellers, Roy Cook and H. R. Henry.  
Developing the Young Farmers' address, H. E. Wahlberg, farm advisor.

Awarding of prizes, J. R. Waters, assistant farm advisor.

"The Club Family of 3000 Members," Bob Ralston, assistant state leader of Agricultural clubs, Berkeley.

Greased pig stunt, foot races, baseball throwing contest.  
Big dance, walnut warehouse, 8 p. m.

## A. J. RALPH CHOSEN AS AIRCRAFT WRITER

Announcement is made of the appointment of A. J. Ralph as inspector for the Home Insurance company of New York of all aircraft policies written in Southern California, by A. S. Ralph, local representative of the company.

"The appointment of Inspector Ralph," the local representative said, "is in recognition of his knowledge of aircraft and aviation. Ralph held the rank of captain in the United States aviation corps during the war. After serving several months as instructor he was sent to France on active service."

Compilation of the experience of companies writing aircraft insurance during 1921 showed that the loss ratio exceeded the paid premiums by a considerable amount, according to this company's announcement. Many new clauses have been added to the policies, it said, which make it possible for the aviation companies to protect themselves more fully than ever before.

Adopt Want Ad thrift and life will be plain sailing for you.

## FARM LABOR USERS OF COUNTY GATHER AT BUREAU OFFICE

Under the auspices of the farm bureau, labor users of the county were to gather at the farm bureau office this afternoon at 2 o'clock, for a discussion of the labor needs for the coming harvest season.

G. B. Hodgkins was to be present to tell of the manner in which other communities had solved the problem of labor by methods of organization, and the larger organized fruit and truck industries of the county were expected to have representatives present.

It is believed that from today's meeting there will be developed an effective county organization for the handling of the labor question. It is probable that the organization will be operated through the Farm bureau headquarters.

Last year the labor situation was thoroughly discussed, and the advantages of having a co-operative employment headquarters was seen.

## RED, WHITE AND BLUE CORN IS PRODUCED

CHICAGO, July 1.—After three years of experiment, Prof. William F. Woodburn, of Northwestern university, has produced red, white and blue corn. The patriotic colored corn, showing banded red, white and blue grains, was produced by crossing red and white ears to make blue ears and then grafting the three varieties.

Prof. Woodburn asserts he will soon be able to perfect his corn so that the rows of kernels will show bars of red, white and blue.

# CONGREGATION'L CONVENTION STARTS

Features of the program of the convention of the National Congregational council in Los Angeles, which opened this afternoon and will close Saturday, July 9, follow:

Sessions opened this afternoon at 4 o'clock in the First Congregational church, Eighth and Hope streets. Business included appointment of committees. Session closing with election of moderator for coming two-year term.

**TONIGHT**

First Congregational church. Address of welcome by the Rev. Dr. Carl S. Patton, pastor of the church. The Rev. Dr. Hugh Walker, president of Church Federation of Los Angeles, will speak.

Address by the retiring moderator, Henry Churchill King, L.L.D., of Oberlin, Ohio.

Address by Dean Charles R. Brown of Yale university. Subject: "The Challenge of the Ministry in the Coming Age."

**TOMORROW**

Dinner of the Amherst College Alumni at the Virginia hotel, Long Beach.

**SUNDAY**

10 a. m. Communion service. Rev. Dr. G. Glenn Atkins of Detroit, will be the preacher at this service; one of the foremost orators of the church.

3 p. m. Session devoted to social and industrial questions.

**MONDAY**

Afternoon. Session of delegates at Pomona college.

Evening. Banquet and addresses at Pomona college following afternoon session.

Orange county Congregationalists gathered in Los Angeles today to attend the nineteenth biennial meeting of the National Congregational council, which represents 800,000 members of the Congregational Church in the United States.

A. J. Crookshank, president of the First National bank, is the official delegate of the Southern California Congregational Congress. All Congregationalists in the county are expected to be present during one or more sessions of the convention, which opened this afternoon in the First Congregational church, Eighth and Hope streets, Los Angeles, according to the Rev. P. P. Schrock, pastor of the First Congregational church here.

A special train brought a large number of the delegates and their families to Los Angeles. Each delegate is representative of ten churches, and the convention includes representatives of the 6000 churches of the denomination. The ministers of the denomination, 6000 delegates were arriving from all parts of the country and will remain until the close of the council, Saturday, July 9.

Henry Churchill King, L.L.D., of Oberlin, Ohio, is the retiring moderator.

It is ten years since the national convention of the Congregationalists was held on the Pacific coast. It was held then at Portland, Ore. It is the initial meeting of the church body in Los Angeles.

The convention opened promptly at 4 o'clock this afternoon, and the first business was that of committee appointments. The election of the moderator for the coming new year term will conclude this session. Missionary organizations of the church order also will hold their annual meetings during this eight-day convention.

The Rev. Dr. Carl S. Patton, pastor of the First Congregational church, will deliver the address of welcome this evening at 7:30 o'clock. The Rev. Dr. Hugh Walker, president of the Church Federation of Los Angeles, also, will speak. Addresses will be delivered by the retiring moderator and Dean Charles R. Brown of Yale university. "The Challenge of the Ministry in the Coming Age" will be the subject of Dean Brown's address.

The history of the Congregational church in Southern California began with the founding of the San Bernardino church in 1867. A few months later the first church was established in Los Angeles. Ten charter members of the San Bernardino church and seven of the Los Angeles church are still living. One hundred and fourteen churches now are represented in the Southern California Congregational Congress.

**COD FISH ACTIVITIES**

ST. JOHN'S, Newfoundland, July 1.—It is understood that Spain has increased the import duty on salted codfish from Norway to the extent of two dollars per quintal in retaliation of the Norwegian Prohibition act, which prevents the importation of wine from Spain. This will create a stimulus to the Newfoundland cod market.

**COAL FOR MONTREAL**

SYDNEY, N. S., July 1.—At least one million tons of Cape Breton coal will be shipped to the Montreal market this summer, according to Alex. Dick, general sales manager of the Dominion Coal company. This company has already shipped to Montreal this year, by water, 150,000 tons, or as much as was sent up to St. Lawrence during the whole of 1920.

Remember—all time is Want Ad time.

**FRECKLE-FACE**

Sun and Wind Bring Out Ugly Spots. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

# JAMMED TO THE DOORS

We want everyone who was here for the opening day to feel they have an apology due them from us at not being able to wait on all promptly and quickly. Though we have engaged an extra large number of sales people, many of the customers were not waited on at all.

We have engaged an additional number of clerks and we promise that all will be waited on promptly and efficiently hereafter. We were prepared for big business, but nothing like the response that our advertisements have brought about.

Even as early as 7:30 a. m. there was a multitude of people waiting for admittance to this giant selling drive. After our doors opened at nine thirty we were utterly swamped. Packed to the limit. Covered up at times. Although we have engaged 35 extra sales people we found that a hundred would be near the number that could properly take care of the enormous crowds. Five minutes after the opening hour the army of clerks were as busy as bees making out sales checks that only meant a part of what people have been used to paying for quality merchandise such as we handle. Remember that every day is bargain day here during this wonder sale. Ask anyone who was here. They will tell you that they never before bought goods in our line as cheap as we are offering it during this timely sales event.

## No. 90 Alcazar Gas Ranges

This fine range has four burners with extra simmering burner. An extra large rust-proof oven with two sliding racks. Nickel trimmed throughout. The efficiency of these ranges that are nationally advertised is known to every housewife. Basketball  
--Track--GARDEN GROVE WINS  
COUNTY BALL TITLEProtested Game Is Awarded  
to El Toro Team by  
President Walker

County League Standings (Final)	W.	L.	P.
Garden Grove	11	1	.917
Tustin	9	2	.818
Balboa	6	5	.545
El Toro	6	5	.545
Huntington Beach	6	5	.545
El Modena	3	7	.300
San Juan	3	9	.250
Costa Mesa	0	10	.000

Last Week's Scores  
Garden Grove, 14; Tustin, 2.  
El Toro, 9; Balboa, 4.  
San Juan, 9; El Modena, 8.  
Huntington Beach, 9; Costa Mesa, 3. ( forfeit).

Championship of the Orange County Harbor League was today awarded to the Garden Grove team by Victor Walker, president of the organization. Decision of the protested game between El Toro and Tustin was also made, El Toro getting the victory.

Because of the inability of most of the teams of the league to continue with their schedule, the remainder of the games will not be played under an agreement reached at the time the organization was formed. This agreement was to the effect that should anything interfere with the schedule being played out the team having the highest percentage on June 26 would be declared the champions. This automatically gives the title to the heavy hitting Garden Grove aggregation.

President Walker in awarding the protested El Toro-Tustin game to the former team ruled that the umpire-in-chief was correct in calling the Tustin runner out because he failed to touch first base. The Tustin team protested the game because it was claimed the El Toro first baseman moved the bag when he caught the ball from the shortstop which made the third out of the game. Two runs scored on the play and had the base umpire's decision that the runner was safe been allowed it would have given Tustin the game.

The beautiful Harbor League trophy, presented by Spruill through their local agent, arriving today and is now on display in Victor Walker's window. The cup, which is topped with a silver baseball, upheld by three little baseball bats, is engraved with the name of the league and has space below for the name of the winning team.

Aside from the Tustin-Garden Grove game, the results of last Sunday's county league encounters were unimportant. El Toro and Huntington Beach both winning their games, went into a triple tie for third place with Balboa.

There has been some talk of organizing a summer league by replacing the organizations that were unable to complete their schedules in the harbor league with other county teams.

PARIS, July 1.—Only one name was heard in France today—Carpenter. Girls lisped it, boys whispered it, men hopefully talked of the battle tomorrow, women voiced their confidence that the brave Georges would win the championship.

If Georges knocks out Dempsey he will be France's greatest man. The brave marshals and their stalwart polis will be only part of the background. The immortals will be such in name only. Georges will be the only immortal for a time at least. He will even displace in fame that other French fighter who died 100 years ago—Napoleon.

The celebration—if Georges wins—will be Armistice day and New Year's day combined.

All the joy and exhilaration of Armistice day will be combined with the carefree, spendthrift spirit of the new year.

The cables will bring word of the results late in the evening. Newspapers are preparing for elaborate reports.

Theaters will throw round by round descriptions on the movie screens.

Theaters will be aided by the government, which has ordered that telegraph lines shall give fight reports the right of way.

BATTLESHIPS CHOSEN  
FOR VISIT TO PERU

WASHINGTON, July 1.—The battleships Oklahoma and Arizona have been designated by Secretary Denby to represent the navy at the centennial celebration of the independence of Peru in July. Admiral Hugh Rodman will be naval representative.

The Want Ads are running over with opportunities for all who take advantage of them.

SAYS BOOING WILL  
NOT JOLT DEMPSEY

By JACK McAULIFFE  
Undeclared Lightweight Champion  
(Written for the United Press)  
NEW YORK, July 1.—If Jack Dempsey is worrying himself into a bad case of nerves, I don't know how to size up a man.

I have known Dempsey since he jumped into prominence. I was with him at Toledo. I boxed with him when he was training for Brennan and I spent ten days with him at Atlantic City.

If the champion has a temperament subject to nerves, I don't know him. If Dempsey is hissed and booed when he enters the ring, I don't believe he will hear it. If the crowd is hostile toward the champion, it will not undermine his morale or spirit. It will put the fires of hell in him and instead of helping Carpenter by his attitude, the crowd will speed his downfall.

I have seen Dempsey this week, but I know that he is not worrying. Of course, he will be nervous. So will the Frenchman.

Jack Kearns, is just as smart a manager as Descamps. He is just as canny and wily as Descamps. First came the stories that Kearns and Dempsey had split. Then that the champion was overtrained and was losing speed. Now comes the choice one—Dempsey is so troubled over everything that he will lose fifteen pounds and enter the ring lighter than the Frenchman.

NEWS TICKERS IN  
BUCKINGHAM PALACE

LONDON, July 1.—News tickers installed in Buckingham Palace will give King George and the royal household almost instantaneous reports of the Dempsey-Carpenter fight.

United Press descriptions of the gathering of the crowds and the entry of the pugilists and the fight by rounds cabled here from Jersey City will be relayed instantly to the palace wire by the Exchange Telegraph. The same arrangements were made for clubs where army and navy officers will gather to "see" the battle.

The Prince of Wales, who is spending the week-end in the country, will receive the same reports over an open telephone line from Buckingham Palace where an attendant with a telephone strapped to his head will read each word as it comes in on the ticker.

TIGERS DRIVE BAGBY  
OFF MOUND, WIN 6-3

CLEVELAND, July 1.—Detroit turned the tables on Cleveland today and won 6 to 3. Bagby was driven from the box in the third inning, but Caldwell proved effective. Detroit—Dauis, Oldham and Bassler; Cleveland, Bagby, Caldwell and Nunamaker, Sewell.

## WHITE SOX DROP TWO.

ST. LOUIS, July 1.—Good pitching by Van Gilder and Korp gave St. Louis two victories over Chicago, the first 6 to 1, second 1 to 0. The White Sox made but four hits in each game. Williams' home run, his thirteenth of the season, proved the only run scored in the second game.

(First game)	W.	L.	P.
Chicago	1	4	.200
St. Louis	6	12	.333
Chicago—Kerr and Schalk; St. Louis—Van Gilder and Collins.			
(Second game)	W.	L.	P.
Chicago	0	4	.000
St. Louis	1	5	.200
Chicago—Wilkinson and Yarnan; St. Louis, Korp and Collins.			

PIRATES SPANK REDS  
FOR DOUBLE VICTORY

PITTSBURGH, July 1.—Pittsburgh won both games from Cincinnati by scores of 4 to 3 and 5 to 3. The first contest was a 1½-inning playoff of a protested game, the major portion of which was played May 28, and was won in the ninth inning with two out, when Grimm hit into the right field bleachers for a home run.

(First Game)	W.	L.	P.
Cincinnati	3	6	.333
Pittsburgh	4	7	.400
Cincinnati—Luque and Wingo; Pittsburgh, Adams, Glazier and Schmidt.			
(Second Game)	W.	L.	P.
Cincinnati	3	8	.263
Pittsburgh	5	12	.291
Cincinnati—Luque, Brenton and Wingo; Pittsburgh, Yellowhorse and Schmidt.			

PUT ENFORCEMENT  
UP TO GOVERNMENT

SAN DIEGO, July 1.—Councilman Harry Weitzel, for whose return the council has been waiting to act on a "Little Volstead" act for San Diego, announced upon his return from Del Monte that he is opposed to such an act.

"Prohibition was meant to prohibit, not for revenue for the city," he said, "and I believe it is up to the Federal authorities to enforce the act."

Old household goods become gold if they are attractively advertised among the Want Ads in this newspaper.

## YESTERDAY'S RESULTS

Coast League  
Los Angeles, 14; Oakland, 7.  
San Francisco, 10; Vernon, 0.  
Seattle, 6; Portland, 2.

American League  
Sacramento, 5; Salt Lake, 3.  
St. Louis, 6-1; Chicago, 1-0.  
Philadelphia at Washington postponed, rain.

National League  
Pittsburgh, 5; Cincinnati, 3.  
New York at Boston, 3 (postponed game).  
New York at Philadelphia postponed, rain.

American Association  
Louisville, 6; St. Paul, 1.  
Indianapolis, 2; Toledo, 1.  
Kansas City, 10; Minneapolis, 3.

Western League  
Wichita, 3-4; Oklahoma City, 5-3.  
Des Moines, 3; Omaha, 2.  
Joplin, 5; Tulsa, 4.

Sioux City, 6; St. Joseph, 11.  
GAMES TOMORROW  
Coast League  
Oakland at Los Angeles.  
Vernon at San Francisco.  
Portland at Seattle.

American League  
St. Louis at Chicago.  
Cincinnati at Pittsburgh.  
New York at Boston.  
Brooklyn at Philadelphia.

American Association  
Chicago at St. Louis.  
Detroit at Cleveland.  
Philadelphia at Washington.  
Boston at New York.

WHO'LL WIN?  
PASADENA, July 1.—Charles Paddock, world's champion sprinter:

"The odds against Carpenter in New York make many believe Dempsey will win, but regardless of my honest opinion, I want to see the Frenchman take the honors of the day."

United Press Leased Wire  
MILWAUKEE, Wis., July 1.—Richie Mitchell, lightweight: "Having worked with Dempsey in Milwaukee and at the Great Lakes naval training station and he being a friend of mine, I have all confidence that he is going to win. But taking an impartial view of the fight, Dempsey is far superior to Carpenter and should have little trouble in winning."

OAK PITCHERS EASY,  
ANGELS WIN ANOTHER

LOS ANGELES, July 1.—Oakland pitchers were ineffective again and the Seraphs spanked the visitors, 14 to 7 in a long drawn out affair. Oakland—7 9 2  
Los Angeles—Lyons and Baldwin; Oakland—Krause, Kremer, Siebold and Koehler.

## THE SAME OLD STORY

SEATTLE, July 1.—Seattle, outplaying Portland consistently, gained another game, 6 to 2.

Portland—2 5 4  
Seattle—6 11 2  
Portland—Johnson and Baker; Seattle, Jacobs and Tobin.

## SEALS SHUT OUT TIGERS

OAKLAND, July 1.—San Francisco won from Vernon 8 to 0 in an uneventful game. Conch was invincible.

Vernon—0 5 1  
San Francisco—8 10 2  
Vernon—Faeth, McGraw and Murphy; San Francisco, Couch and Agnew.

## SACRAMENTO BESTS BEES

SALT LAKE, July 1.—Errors on Salt Lake's side gave Sacramento the advantage in yesterday's game, the visitors winning 5 to 3.

Sacramento—5 8 0  
Salt Lake—3 8 3  
Sacramento—Penner and Elliott; Salt Lake—Polson, Thurston and Byler.

FEW BETS ARE BEING  
PLACED IN S. F. ON  
TOMORROW'S BIG MILL

SAN FRANCISCO, July 1.—Fifteen years ago a fight like the Dempsey-Carpenter quarrel would have been marked by the jingling of money among bettors from one end of San Francisco to the other.

But, for some reason, bets today were as scarce as water on the Sahara.

A few scattering wagers were reported, mostly involving the number of rounds and with Dempsey always the big favorite.

Some ten to four bets on Dempsey were made but they involved very little money.

Everyone seemed talking about the fight but money stayed in pockets or in banks.

LOCAL FIGHT BUGS  
AGOG OVER OUTCOMEDempsey Favorite With  
Most of Santa Ana Fans;  
Some Pick Carpenter

Santa Ana fight fans for the most part pick Jack Dempsey to knock Georges Carpenter for a loop when they tangle for the heavyweight crown at Jersey City tomorrow.

Local followers of the ring sport were agog today over the outcome of the big international battle. On the streets and in the rendezvous of the sportsmen most of the discussion centered on the result.

There seemed a lack of betting to do although several small wagers are said to have been laid with Dempsey followers offering odds of three to one. Little Carpenter money was in evidence here.

With a view of determining local sentiment in regard to the outcome of the big fuss, several prominent ring followers were asked today to give their opinion of the result.

Victor Walker—"I pick Dempsey to win in five rounds. The Frenchman won't be able to show his speed in an eighteen-foot ring and Jack will hammer him to death if they stand toe to toe."

Clyde Ailing—"The lucky man will win, but I rather favor Dempsey because he has a better k. o. record."

W. B. ("K. Y.") Blakeman—"I think Dempsey will win but it will be a hard battle."

Kenneth Van Slyke—"I believe that that Carpenter has a mighty good chance of taking the fight. He must not be underestimated."

"Dad" Corson—"There will just be two blows—when Dempsey hits Carpenter and when Carpenter hits the floor. It will be right to the jaw in the fifth round."

"Kid" Holmes (who defeated Eckhart at Delhi Wednesday night)—"I give Carpenter three rounds."

H. Schacht—"Nothing to it but Dempsey."

Roy Criddle—"They are both good men but Dempsey is the better. I pick him to win in short order."

Sid Allen—"Don't make me laugh. Dempsey will knock the frog 'cucoo.'"

Bob ("Friday") Gram—"What a funny language these birds speak. It's a toss-up but the coin is marked Carpenter on both sides."

W. C. Witman—"Dempsey is the more powerful and will wear Carpenter out. The champion will win by a knockout."

"Shorty" Johnson—"My money's on Dempsey but I hope Carpenter wins."

Ted Cole—"Dempsey should win in about six rounds. He has a better record and Carpenter won't outfox him as some seem to think."

JACK'S MOTHER NOT  
TO WATCH RETURNS

SALT LAKE CITY, Utah, July 1.—No one can tell Jack Dempsey's mother that her boy Jack is in danger of losing the heavyweight championship.

"I do not see how he can possibly lose," Mrs. Dempsey declared today as she sat in the living room of the old Dempsey home here, where she and the champion's father, Hyrum Dempsey, live.

"I know Jack is in good training as he keeps in touch with me and he has taken good care of himself and hasn't wasted his strength," she added with a mother's confidence.

"I am not going to watch the returns from the fight. It would make me nervous. I am going to spend Saturday working and I know that Jack will let me know the result as soon as the fight is over. He always does."

"Mrs. Dempsey thinks Jack is the 'only boy in the world.'"

"He has always been a wonderful son to me," she said.

"He built me a wonderful home, but goodness gracious, it was so big I didn't know what to do in it, so I moved back into the old home a few weeks ago."

"I'm proud of Jack. As a boy he was always dutiful and I never had to punish him."

"He always loved to box and I believe in a man doing the thing he loves best and can do best."

"No, I would not care to be at the ringside. Boxing is a man's game."

Some ten to four bets on Dempsey were made but they involved very little money.

Everyone seemed talking about the fight but money stayed in pockets or in banks.

## SPORTGRAPHS

Sport bugs on the coast will not find amusement lacking around the glorious Fourth of July with practically every village and hamlet staging boxing bouts, and the big track and field classic of the country no farther away than a "slum" like Pasadena as Ring Lardner expresses it.

The best track men in the country and incidentally the world, judging from the result of the recent Olympic Games, will compete for the national amateur athletic championships, both senior and junior, at Pasadena starting tomorrow and lasting until the fifth when the finals will be run off in most of the events.

We have already taken up the two dash events where the sensational Paddock and the formidable Kirksey will clash again. The hurdles will bring forward the world's champion, Earl Thompson, a native son, but who has been running in the east since his high school days at Long Beach. Thompson is the Babe Ruth of the track along with Paddock for he has smashed the high hurdle mark so often that one thinks he is slipping every time he doesn't break the tape in about fourteen and three-fifths seconds. With the Dartmouth flyer on the fast Pasadena track, there is a possibility that he may shatter his own record for the high sticks. There won't be any other athlete there who can give Thompson competition in the hurdles but he is likely to taste defeat in the low hurdles where such men as Jess Wells, Lane Falk, who finished two feet behind the champion in the college championships at Harvard, Johnny Norton, and a couple of others in the running.

The high jump should result in about the best competition of the meet on the field. Three men, "Brick" Muller, University of California star, Murphy of Oregon and Landon of Yale will leap six feet four inches consistently. Landon and Muller recently tied in the I. C. A. A. A. meet back east at that mark and their feud will be resumed at Pasadena. These two men finished one, two at the Olympic Games.

August Desch, the famous Notre Dame trackster, will be on hand to try for the 440 yard low hurdle mark that he broke, once only to find the mark was disallowed because he had tipped over his last barrier. Meanix of Boston, who holds the existing mark will not be there but Johnny Norton of the San Francisco Olympic club, who held the same mark before it was shattered by Meanix, should give Desch a thrill or two.

"Oxy" Hendrixson, California quarter-miler for the past two years straight has won his event in the national collegiate meet, has said he will not run at Pasadena. Hendrixson has been clocked in 45.2 but no matter how fast he travels George Schiller of U. S. C. is never far behind. There are a lot of people who believe that the Bruin star is afraid of Schiller, but such a statement is really an injustice to Hendrixson who has said that he was in no shape to put forth his best efforts as that he will not take the chance of injuring himself by running while out of condition. Schiller looks like a first place possibility but he will have keen competition from Stephenson of Princeton.

Ambitious boys and girls find opportunities for extra work and money after school hours through the Want Ads.

SPURGEON TEAM  
WINS IN LEAGUE

Championship of the Santa Ana Industrial league went yesterday when it defeated the Courthouse cohorts, 14 to 4, in the play-off of the tie for the title.

The Spurgeon outfit, by reason of yesterday's victory, is entitled to clash with the Methodists, winners of the local Church league, for the city championship. The games will be played some time next week, it was said today.

The Spurgeons got at Paul Wright on the hill for the Courthouse, in the fourth canto for enough runs to put the fracas on ice. But just to make sure, they piled up five more in the sixth and added a couple in the last frame. McCannon, for the Spurgeons, hurled consistently and had the men from the big red building swinging wild. He was also accorded splendid support.

The teams lined up as follows: Spurgeon Building—McCannon, p.; Kittle, c.; Range, 1b.; Goode, 2b.; Tyrrell, ss.; Ross, 3b.; Peterson, lf.; Cole, cf.; Wallace, rf. Courthouse—Wright, p.; Morrison, c.; Enderle, 1b.; W. Hillyard, 2b.; Stearns, 3b.; D. Hillyard, ss.; Christensen, lf.; Lockwood, cf.; Cawell, Randall, rf.

The summary:  
Spurgeon Bldg. . . 1 2 3 4 5 6 7  
Courthouse . . . 0 1 2 4 0 5 2—14  
Batteries—Spurgeon Building, McCannon and Kittle; Courthouse, Wright and Morrison.

FRENCHWOMAN DEFEATS  
CALIFORNIA NET GIRL

WIMBLEDON, England, July 1.—Suzanne Lenglen today defeated Miss Elizabeth Ryan in the challenge round of the British lawn tennis championships here.

The score was 6-2, 6-0.

Mis Ryan, a Californian, fought hard for the first game, but was overcome by the tireless French champion's rushes.

EXPECT 15,000 AT  
A. A. U. FIELD MEET

PASADENA, Cal., July 1.—Accommodations for 15,000 spectators have been prepared at Paddock field for the opening here tomorrow afternoon of the National A. A. U. championships.

The junior event of the annual meet will be staged tomorrow. The hundred athletes are entered in the twenty-three events. The meet will be officially opened at 2 p. m.

Among the younger athletic stars who are expected to shatter existing national records are Vernon Blenkiron, of the Los Angeles Athletic club, entered in the 100 and 220-yard dash; Johnny Norton of San Francisco. 440-yard hurdler, and C. George Krogness of Chicago Athletic club, 120-yard high hurdle.

Seldom has there been such an array of prep school track stars as the bunch that California has produced the past year. Such men as Houser of Oxnard, Lieatner of Palo Alto, Huston of Lincoln, Boyden of Vallejo, Shaw of Monrovia and Kerr of Huntington Beach could get by on nearly any college team in the country.

The Want Ads will turn many discarded articles into ready cash.

# BOOKS CLOSE WEDNESDAY

There is a wave of excitement in oil circles over the announcement that the Huntington Pacific Oil Company will close its books on Wednesday, July 6th. Considering that Sunday and Monday are holidays, this leaves little time to make the necessary subscription in order to share in one of the biggest development projects ever undertaken in the TWO fields—Huntington Beach and Signal Hill! The stock is selling rapidly at 10c a share!

## WHIRLWIND CAMPAIGN

Puts Stamp of Public Approval on Issue

Probably the public is duly impressed with the fact that 25 successful business and professional men have allied their interests with the H. P. Company—that THEIR returns must come from actual oil production—and BIG production, at that. These men are working heart and soul to make HP a great success. Now they announce the closing days of the financing campaign which has made new records for this section of the country.

Huntington

## SINN FEIN CHIEFS MEET UNHAMPERED

LONDON, July 1.—For the first time in more than a year Sinn Fein leaders met unhampered today.

"President" De Valera was free to go where he pleased.

Likewise, Arthur Griffiths and Professor John McNeill, celebrated Sinn Fein leaders, were at large, being released from Mount Joy prison. Other prominent Sinn Feiners were freed at the same time.

Although official information was lacking here, it was believed that De Valera and Griffiths would confer immediately on Lloyd George's offer of a peace meeting.

## HEWES IS CHOSEN LONG BEACH MANAGER

LONG BEACH, July 1.—Charles E. Hewes, president of the California League of Municipalities and city manager of Alameda, has been appointed city manager of Long Beach, under the recently adopted new city charter. The appointment was made by the seven new Councilmen recently elected and who take office July 5. The selection of City Manager Hewes was made from a field of fifty applicants.

Hewes, who is but 38 years old, was graduated from the Los Angeles high school in 1903. He is a native of Iowa. He graduated from the University of California in 1908. He was appointed city engineer of Alhambra in 1914 and the following year was made city manager of Alhambra. In 1917 he was appointed city manager of Alameda. The councilmen stipulated Hewes' salary as \$7500 per annum. Before adjourning the new council elected C. A. Buffum, mayor; Philmore Condit, mayor pro tem, and Harry C. Vaughn, city clerk.

## \$2,000,000 EXPENDED ON OIL DEVELOPMENT

CALGARY, Alberta, July 1.—According to A. M. McQueen, of the Imperial Oil company, his company has expended to date more than \$2,000,000 in making preparations, bringing in machinery and well drilling crews, and organizing gangs of drillers who are putting down holes from the international boundary north, almost to the Arctic Ocean.

In addition to this, the Imperial Oil company has erected its own machine shop here, and is doing all repair work on its drilling outfits used in Alberta and Saskatchewan.

## SUMMER IMMIGRATION

GRAND FORKS, B. C., July 1.—The fruit-raising sections of this district are receiving the benefits of a considerable immigration this summer. During the past week, two carloads of settlers' effect arrived from the United States, and substantial holdings of fruit land were purchased by two Englishmen and an arrival from Mesopotamia.

No matter which you are—employer or employee—you will find, if you try the Want Ads that your needs will be quickly supplied.

## 500 DRAFT DODGERS ARE APPREHENDED

WASHINGTON, D. C., July 1.—The apprehension of nearly 500 draft deserters since the publication of the slacker lists began has justified the position of the American Legion and veterans of the world war in general in their desire to have the lists published.

More than half of the 60,000 names of draft deserters have been published according to information obtained by officials of the legion. The unpublished names are being released at a rate that should complete their publication in the next five weeks.

Of the approximately 500 deserters who have been apprehended, about 200 have been tried and 80 convicted. Members of the American Legion have assisted in running down the deserters.

Both Secretary Weeks and Adjutant General Harris have pointed out to the American Legion officials that in addition to bringing hundreds of deserters to justice and branding thousands more, the publication of the lists has cleared the service records of men who served or who had just cause for exemption, but who failed to comply with some requirements of the selective service act and were therefore listed as deserters.

## NANTUCKET NOW HAS LATEST IN MOTORS

NEW YORK, July 1.—"When flivvers flit on Nantucket" must be blundered from the dictionary of similes; no longer does it qualify as a never-never phrase in the annals of Nantucket, for flivvers, not to mention motor cars, are flitting the high and low ways of America's land-locked island to the eastward. After a battle of years, by use of the Australian ballot, the bars have been voted down.

Could you see the picturesque gray town, sitting primly close about the harbor, for all the world like the Quaker meeting it used to be, you would understand better the stubborn spirit that made history of the long, stern fight over motor travel. Reserve is born and bred in the native families—a certain gentle self-sufficiency which makes "foreigners" apologize for not having kin on the island.

Assorted factors entered into the beginning of the "great fight" on Nantucket—probably the last stand of motor car opposition in America. The opening wedge was driven by the townsmen's fear of conflagration, one which dates from a midsummer day of 1846, when thirty-six acres in the heart of the compactly-built harbor village were razed by flame. Remembrance of this tragedy led the town in 1912 to purchase a motor-driven chemical truck.

## \$50,000 IN SILVER ORE

DAWSON, Y. T., July 1.—Silver ore valued at more than \$50,000 reached here recently. It was the first 230 tons from the Keno Hill camp, which was producing last year in promising style. There is a total of 2,500 tons valued at nearly \$750,000 waiting shipment at Mayo Landing. A new find at Keno is reported, and it is said to be of the richest ore found there. The ore is said to be tetrahedrite.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

## WOMAN'S FINE WAR RECORD RECOGNIZED

LOS ANGELES, July 1.—Rulers of Europe are to extend to a Southern California woman, Mrs. Anita Baldwin, such honors as have seldom been paid to any private citizen of the United States.

This became known yesterday in connection with the restoration in San Francisco county of the birth records of Mrs. Baldwin and her daughter, Mrs. Dextra Baldwin Winter, which were destroyed in the fire of 1906. The records were restored in order that Mrs. Baldwin might obtain passports abroad.

Though Mrs. Baldwin herself is reticent regarding her forthcoming trip, upon which she is to be accompanied by her son, Baldwin P. Baldwin, from other sources it was learned that preparations are complete for the exceptional honors which will be paid her.

Mrs. Baldwin, it is stated, is to be given a public reception by the president of France at which there will be invited to meet her some of the most distinguished citizens of that republic.

King Albert of Belgium is to receive Mrs. Baldwin in court, with the full honors attendant upon that ceremony. It has always been unofficially understood that King Albert was extremely regretful over the unintentional slight upon Mrs. Baldwin upon the occasion of his visit to this section two years ago. At that time, it was claimed that through "Bill" Nye, the state department official in charge of the royal party, Pasadena was omitted from the published itinerary and in consequence a scheduled visit to Mrs. Baldwin's beautiful mansion and grounds at Santa Anita was also cancelled.

It is also understood that Mrs. Baldwin is to be honored at the court of St. James, though details are lacking as to that reception.

These honors are paid Mrs. Baldwin because of her unusual services in behalf of the allies during the World War.

## BAD LUCK AND GOOD, YOUNG ARTIST'S FARE

NEW YORK, July 1.—When Frank Schwartz got out of the camouflage section of the army, he kept the wolf away from his \$124-a-month room on the east side by going to the Greenwich Village tea rooms and drawing sketches of the conventional who wanted a souvenir of themselves in a Bohemian atmosphere. Then he began work on a canvas to be entered in competition for the annual prix de Rome, offered by the American academy in Rome. This took all of his time, and he went broke.

The landlord sent him a dispossessing threat and then who should arrive shortly afterward but the postman with a letter saying his painting "Heroism" had won the Prix de Rome. He expects to live happy ever afterward, for in September he goes to Italy with a three-year fellowship in the Academy of Architecture and Sculpture.

## FARM BUREAU LAUDS LIQUOR LAW PROGRAM

CHICAGO, July 1.—The American Farm bureau federation announces that it had endorsed the program of legislation asked by the American Legion of the sixty-seventh congress. The resolution of indorsement said:

"We hereby indorse the program in the interest of disabled soldiers, sailors and marines of America and urge upon our representatives and senators the speedy enactment of the five bills involved, including:

"Appropriations for a permanent hospital building program.  
"Legislation decentralizing the bureau of war risk insurance.

"Legislation to further extend the benefits of vocational training and providing vocational training with pay for all disabled men with disabilities of 10 per cent or more traceable to the service.  
"Legislation providing privilege of retirement with pay for disabled emergency officers of the World war."

## VALUABLE TIMBER.

VICTORIA, B. C., July 1.—Federal and provincial government reports show that British Columbia contains approximately half of the saw-timber of Canada. The total value of the forest products of the province for the year 1920 was \$82,828,807, as against \$70,285,094 for the previous year. The value of the lumber cut advanced by nearly sixteen millions, while the increase in the value of pulp and paper amounted to over nine millions.

## GRAZING RATE.

VICTORIA, B. C., July 1.—To encourage the cattle industry, the British Columbia government is giving a grazing rate only one-half to one-eighth that charged per head of cattle by neighboring governments for the use of public ranges, it was announced by the minister of lands.

## CAMPING?

# Your Savings Must Be Invested Safely

Many have worked hard and denied themselves luxuries to increase their savings.

Many are now ready to invest their savings and make them work, so be sure they are invested safely.

A partnership in the Southern California Edison Company assures you this maximum of safety with an exceptionally high income.

## Because

You become a partner in one of the greatest hydro-electric power systems and the most firmly established businesses in America.

Securities based on water power are conservative and safe. The company has assets of over \$120,000,000 and owns enormous additional water power resources.

Dividends are assured because the established principle of the Railroad Commission of allowing a fair return on the invested capital after paying operating expenses is more than sufficient to meet all dividend needs.

Why not invest your savings in this great organization and share in its present and future prosperity as thousands of other investors are doing by purchasing Edison Common?

You may purchase any amount for cash, or at \$5.00 per share monthly.

Price \$94.00 Cash, or \$95.00 On Partial Payments

# BIBLE SCHOOL IS OPENED AT GROVE

GARDEN GROVE, July 1.—The vacation Bible school opened Monday in the Garden Grove grammar school with over 100 children in attendance. Tuesday the enrollment was 113 and with possibilities of more starting this week.

Miss Mettie Chaffee is superintendent; Mrs. Thomason in charge of the sloyd; Mrs. Jesse Wade, primary department; and Mrs. Frank Monroe and Miss Vesta Newsom have charge of the kindergarten. There are also the following volunteer helpers in each class:

The Rev. Mr. Ames, Misses Esther and Edythe Hedstrom, Mrs. C. C. Violett, Mrs. Lulu Beardsley and Mrs. J. A. Knapp.

Mrs. Isa Pearson, daughter of Mr. and Mrs. Frank Buehler, was united in marriage to Mr. Kinney, of Redlands, at the Baptist parsonage in Huntington Beach Wednesday. The Buehler family moved here recently from Redlands, on account of Mrs. Buehler's ill health, and have made their home on the Spain ranch.

Mr. and Mrs. Kinney will make their home in Redlands.

Mr. and Mrs. R. W. Elliott and son, Edwin, Mrs. Mamie Harris and Mr. and Mrs. John Davis, of San Diego, attended the wedding of Miss Ziypha Dismukes, who was united in marriage to Fred M. Cronenwett of San Francisco, in Santa Ana, Saturday evening. Mrs. Cronenwett is Mrs. Elliott's niece.

Mr. and Mrs. Ernest Arrowsmith have purchased Scott and company's drygoods stock and took over the business July 1. The store will be conducted under the name of Arrowsmith's Drygoods store.

Wilma Ward, daughter of Mr. and Mrs. John Ward, had the misfortune of breaking her arm just above the wrist joint when trying to crank a gasoline engine last Monday afternoon. She is getting along nicely.

Miss Lola Chaffee has been on the sick list since her return home from normal at Santa Barbara. Mrs. Ernest Zimmerman returned home Sunday from Los Angeles, where she visited her sister, Mrs. M. Howard, several days last week. Mr. and Mrs. Jack Jennings and family left Wednesday morning for California Hot Springs, where they expect to spend a week or ten days.

## FULLERTON

FULLERTON, July 1.—A woman's auxiliary to the Fullerton post of the American Legion was formed last night at Legion headquarters, similar to other auxiliaries about the state and nation, affiliated with the parent body. The first meeting of the organization, for the purpose of organization, was featured by the presence of Mrs. Carroll Marks of Los Angeles, state commander of the Legion's auxiliary, who explained in detail the work of the branch, its cooperative character, in connection with all Legion activities, social functions, charitable and other work.

Officers of the new organization were elected as follows: President, Mrs. E. J. Marks; secretary, Mrs. Sam Collins; treasurer, Mrs. Fred Fuller; executive committee, Mrs. G. W. Sherwood, Mrs. Carl Brueckner and Mrs. Jessie Potter. Refreshments were served during the social session and Post Commander Brueckner provided an entertainment that was much enjoyed, especially his own rendition of army songs. Mrs. Brueckner gave three selections that received generous applause and "Hank" Dwyer sang two tenor solos, "When I Say Good-bye to You" and "An Old Irish Mother," that called forth requests for more. Mrs. Sam Collins gave two "musical recitations," including Carrie Jacobs Bond's "Jes' a Wearying For You."

## IRVINE

IRVINE, July 1.—Mrs. Arthur Ross, Mrs. Harry Spencer and the Misses Margaret Smith, Adelaide Spencer, Opal Daugherty, Kathleen Ahern, Catherine Ross, Lulu Ross and Master Leonard Ross spent Tuesday in Santa Ana.

Mrs. Jack McDonald was in Santa Ana Saturday.

Fred Casken returned from a trip up north last week.

Mrs. Harry Spencer and daughter, Adelaide, spent Monday in Los Angeles.

Mr. and Mrs. Charles Spalletta spent Monday in Los Angeles.

Mrs. Ira Peters spent Tuesday in Los Angeles.

Mrs. Thomas Harlin and daughters, Irene, Mina, and son, Wayne, spent Saturday in Santa Ana.

Mrs. Cannon was in Santa Ana on Tuesday.

Mrs. Wilkinson, daughter of Mr. and Mrs. Newell of the Irvine store, is quite ill here.

Abe Johnston is taking Mrs. Wilkinson's place as clerk in the store. Improvements have been made in the Irvine hotel, which makes it much more convenient and also adds beauty to the inside.

Miss Irene Harlan visited Mrs. Ahern Tuesday.

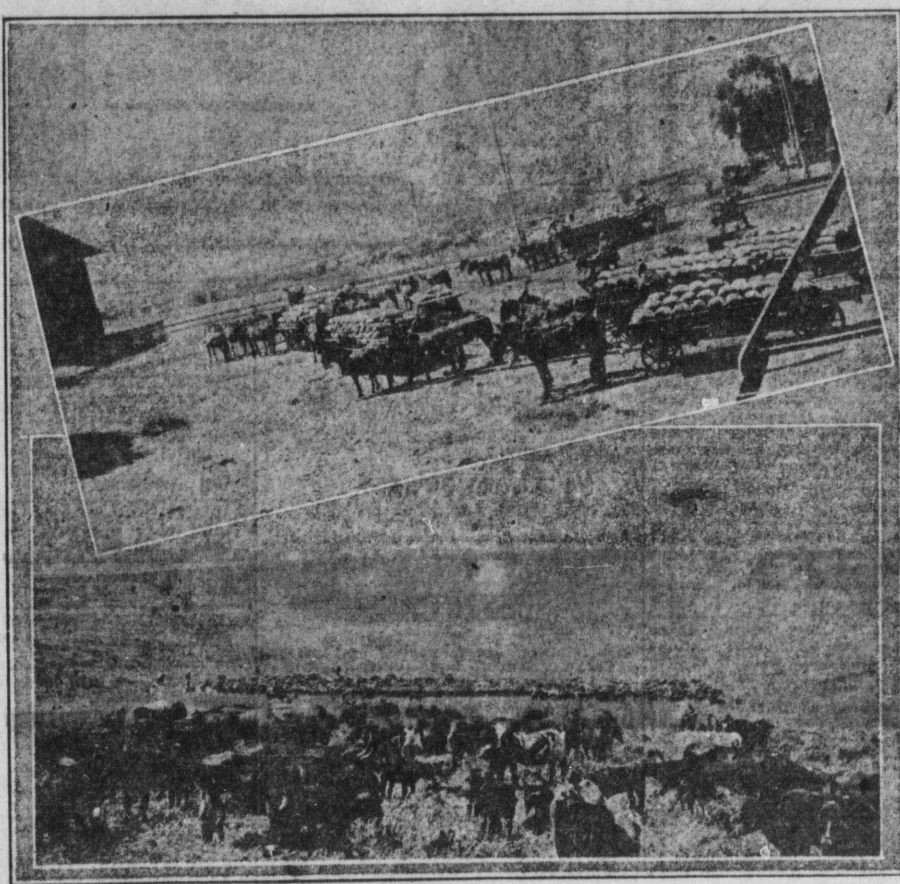

Miss Margaret Whitson, of Santa Ana, is spending a few days with her cousin, Adelaide Spences.

PRINCE ALBERT, Saskatchewan, July 1.—Eighty stall-fed steers, locally bred, raised and wintered at the provincial jail, left en route to Montreal for Glasgow, Scotland.

The animals, which had been in the stalls since December 1, weighed when released, an average of 1,355 pounds each. The result of their sale is waited with interest by live stock men in the district, who are expecting to develop a trade in finished cattle with European markets.

# ORANGE COUNTY NEWS

SCENES ON THE SAN JOAQUIN RANCH, ONE  
OF ORANGE COUNTY'S GREAT TANGIBLE ASSETS

## PASTOR TO VISIT HIS FORMER MEMBERS

TUSTIN, July 1.—The Rev. W. S. MacDougall and daughter and son, Alice and David, will leave the eleventh for the East. He will visit his former congregation in Illinois and his father in Iowa.

Mrs. B. F. Beswick is having a visit from her sister, Mrs. J. C. Towler, of Hughson, and her niece, Mrs. M. E. Moorehead, of Modesto. Miss Minnie D. Johnson has left for Jackson, Ohio to visit relatives.

Miss Charlotte Vance celebrated her eighth birthday last Wednesday. Delicious chocolate ice cream with a delicious pink cake with eight pink candles were served to all present.

The guests were: Dorothy and Elizabeth Robinson, Alice and David MacDougall, Caroline and Jean Ferrey and Louise and Charlotte Vance.

Mr. and Mrs. Wyoff Hoxie are leaving today for a camping trip to Trabuco. Mr. and Mrs. Vance are expected to join them soon.

P. T. Adams and his daughter, Mrs. Plum, have returned from a two weeks' vacation from San Juan Hot Springs.

Ben Macomber, of San Francisco, is visiting his mother, Mrs. George Hubbard.

Miss Lucile Benson, of Fresno, is spending her summer vacation at Mr. and Mrs. H. T. Duckett's.

Mr. and Mrs. Hollis Lindsey are planning to leave for Island Villa, Catalina, tomorrow to spend the Fourth of July.

Last Wednesday the Tustin Adv. Missionary society held an enjoyable meeting.

James A. Dort has been remodeling his house. He has painted and papered it and it looks like a new place. A bathroom has been added and a cement casing has been placed around the lower part of the house.

Mrs. Slusser, who had her hip broken some time ago, is much better and expected to be around with a cane in a few days.

Mrs. H. A. Chase, of Pasadena, is visiting Mr. and Mrs. F. A. Logan and other relatives.

Miss Eleanor MacCharles, of San Francisco, is visiting her grandparents, Mr. and Mrs. D. L. MacCharles. Mr. and Mrs. E. E. Walker and their son, Winston, are intending to move to Orange today.

## BUENA PARK

BUENA PARK, July 1.—Mrs. Hattie A. Allen reports the sale of acreage in the Fog subdivision to the following:

Miss Marie Randall, Los Angeles; S. Y. Porter, Huntington Beach; George A. Corbett and P. P. Kenny, Lester Connelly of Los Angeles; H. Hart, 1 1/2 acres; P. M. Vaughn of Fullerton, 3 1/2-100 acres, Mrs. Allen and M. S. Nutall have bought the remaining acreage and resold it, the purchasers to be announced later.

The Watch Shop Guarantees Everything. P. M. German, 431 1/2 W. 4th, Santa Ana.

Many have been grateful to the Want Ad Columns for the return of lost articles of value.

## Things Worth Knowing About Orange County

The San Joaquin ranch is one of the big things of Southern California.

Not merely in acreage is the ranch a big thing, but also in production, in policy, in management, and in future possibilities.

There is no exaggeration to say that the beans and beef, the grain and garden truck, the beans and beef, the grain and garden truck, the fruit and forage produced by the San Joaquin ranch would feed an army.

The head of the family which owns this great property, James Irvine, is often importuned to subdivide it, and is some times criticised for not doing so. His answer always has been—and he has the facts and figures and arguments to support it—that under existing social, economic and industrial conditions, and at the present stage of water development on the ranch, the property is a larger and more economical producer, and is being more progressively and safely developed, and converted into smaller holdings than it possibly could be by any radical system of subdivision.

Irvine does not regard or use the ranch as a baronial estate; he conducts it as a business proposition; and he is not unmindful of his social obligation.

Therefore the Irvine ranch is conspicuous among the few big ranches in California in the management of which modern, systematic and scientific principles and practices prevail. As the result of consistent and persistent attention to the details of the ranch and to scientific study of its crop possibilities, James Irvine of the Irvine company has made the ranch what it is today.

The history of the transformation of this property from a pasture for sheep, cattle and horses to what it is today is one of the most interesting stories in California's agricultural history.

## BOLSA

BOLSA, July 1.—Owing to a trip planned by the Card club for the coming week-end, the date for the regular semi-monthly meeting was set ahead one week, and was held at the home of Mr. and Mrs. John Farnsworth, Saturday evening. The progressive "500," with Mr. and Mrs. Orel Hare winning the men's and the ladies' first prizes, respectively. Mrs. W. Dilley won the ladies' consolation.

Delicious refreshments of coffee, sandwiches and cantaloupe were enjoyed by all.

Those present were: Mr. and Mrs. Orel Hare of Westminster, Mr. and Mrs. Preston Stroud, Mr. and Mrs. Blankenbecker, Mr. and Mrs. W. Dilley, Iva and Buddy Dilley and the host and hostess, Mr. and Mrs. John Farnsworth.

Word received from Mr. and Mrs. E. A. Gardner and children and Miss Esther Radford, who are touring the northern part of the state, states that they are having a delightful time, although they have found some very hot weather, the temperature at Escalon being 120 degrees in the shade.

Mr. and Mrs. Blankenbecker, formerly of this place, but recently from Sausalito, moved back here the past week.

Blankenbecker's health necessitated the move.

Mrs. Sarah Gardner took dinner at the J. D. Shutt sr. home Sunday. Mr. and Mrs. J. D. Shutt jr., accompanied by Mrs. R. L. Draper and daughter Flossie and Mr. and Mrs. Frank Draper, all of Snelitzer, motored to San Diego and Camp Kearney Sunday.

Miss Lucile Radford was the house guest over the week-end of Miss Dorothy Durkee, of Long Beach.

Mrs. Schiffer's daughter and baby from Utah arrived at the home of her mother, Saturday to spend the remainder of the summer with her.

Iva Dilley visited at the home of Lucille Radford Wednesday afternoon. Iva and Lucile motored to the home of Velda Barnes where they made a brief call.

## ASK \$250 FRONT FOOT ON FULLERTON ST.

FULLERTON, July 1.—A price tag displayed on 75 feet of frontage on West Commonwealth avenue, between Spadra road and Malden avenue, indicates a valuation of \$250 the front foot. Although it is not known that any sales have been made at this figure, at least not recently, the fact that prices in these figures are being asked may be accepted as a fair indication of the trend of values in the downtown district, as it is not to be supposed that a man would be advertising property for sale at a price he had no chance of getting.

**\$10,000 Improvement**  
The various contracts for improvements and extensions at McFarland's restaurant amount to more than \$10,000, including the thirty-seven foot addition of brick, now being erected by Frank Benchley for George Amerigo, owner of the premises. A contract was awarded to the Los Angeles firm of decorators, the lowest bidders for the interior decorations and alterations to the restaurant. This contract will be started about August 1, and during the following two weeks or thereabouts the McFarland restaurant will be closed to permit workers to have full possession.

**To Remodel Store**  
Building Superintendent Richman passed up to the city trustees an application made by Stein, Hoppe and Hax for a permit to extend and remodel their store building at the corner of Spruce and Commonwealth avenue.

It was related in the application that the present structure would be remodeled to some extent in the course of the deal, a feature mentioned being the application of a coat of stucco to the exterior, the whole improvement to involve, they thought, an expenditure approximating \$50,000.

After some discussion the trustees thought best to refer the matter back to the applicants for the drafting of more complete plans and fuller details as to what they proposed to do.

## FRENCH SCHOLARSHIPS OFFERED STUDENTS

SASKATOON, Saskatchewan, July 1.—Three Saskatchewan students will this year have an opportunity to continue their studies in Paris, France, three scholarships for 1921 having been approved by the committee of selection appointed to select candidates under the act passed by the Saskatchewan assembly last year.

The scholarships, which are worth \$1,200 per year each, are open to men and women engaged in study, teaching, or other educational or professional work in the province.

**A REAL REDUCTION**  
On all merchandise for June only. 15 to 50 per cent discount on choice line of Jewelry and Silverware. Presents for the June bride, for the graduate, for the anniversary, in fact, presents for every occasion. James, the Jeweler, 317 West 4th St., Phone 137.

**PLAN MUNICIPAL AIR HARBOR FOR REGINA**  
REGINA, Saskatchewan, July 1.—The establishment of a municipal air harbor is now all but an accomplished fact, and of two sites submitted by the city to the Canadian Air Force association, the association selected one comprising about one hundred acres.

All that remains to complete arrangements is the receiving and erection of the Bessoneau hangar, which has been reserved for Regina by the Canadian air board.

**TAIL FLOWER OF GOLD CAUSE OF EXCITEMENT**  
PEACE RIVER, Alberta, July 1.—Much interest has been aroused here over the reported discovery of gold in a gravel ledge above the Cadotte river, about seventy miles northeast of here.

Charles M. Stout, of Dayton, Ohio, the first man to reach the location, is on his way to Edmonton, where he is going to have his gold assayed. Stout says he secured several pans of gravel, and in each one washed a tail flower of gold about three inches long and about the width of his little finger.

**For babies tortured by teething or stomach rash, eczema, etc., there is immediate relief in a jar of Resinol Ointment. No smarting or stinging when applied. Gives just the cooling touch to produce comfort and sleep. Sold in two sizes by all druggists.**

**Resinol**

## "THE BIGGEST LITTLE COUNTY ON EARTH"

# ANNIVERSARY IS OCCASION FOR HAPPY AFFAIR

WINTERSBURG & SMELTZER, July 1.—The Rev. and Mrs. J. Scott Willmarth were guests on Monday evening at a most delightful social event honoring their fifteenth wedding anniversary. Mr. and Mrs. Willmarth and children and Mrs. Willmarth's mother, Mrs. Barber, were invited as dinner guests to the A. H. Moore home and while enjoying the pleasant evening with the Moores that their friends arrived according to schedule surprising them completely.

The group of friends entered the rear of the house in a body and it was not until wraps had been laid aside in an upper room and I filed into the room that the honorees even knew any one was on the place, all was done so quietly. Then it did not occur to them that the incentive for the gathering might be until congratulations and good wishes for the occasion began to pour in upon them.

A delightful program was one of the pleasant modes of entertainment enjoyed.

"The Living Photograph Album" was the title and the Rev. and Mrs. Willmarth were depicted in all ages, ranging from babyhood until their wedding day, the doorway being used as the picture frame in which these interesting photos were illustrated by the children. An original poem, composed by Mrs. C. E. Pratt giving the interpretation of the tableaux was read by her and proved unique and entertaining.

Following the program a hope chest was brought in and presented to the bride and groom of fifteen years and this was found to contain a number of pretty and useful gifts, mostly linen from the friends present and also a substantial purse.

Punch and wafers as refreshments were served later in the evening by a number of ladies.

About thirty of the church people and a number of children were present to congratulate the Rev. and Mrs. Willmarth on the anniversary which the date marked.

## VILLA PARK

VILLA PARK, July 1.—John Ragan and his father, C. S. Ragan, presented the employees at the Villa Park Orchards' association with a box of choice chocolates on Monday to express their appreciation of the oranges packed for them and which won a silver cup and other prizes at the Valencia show at Anaheim. Needless to add, the gift was much appreciated.

Mr. and Mrs. H. T. Thomson and daughters, Marjorie and Lois Marie, Mr. and Mrs. Willard Smith and son, Alvin, and Willard, left on a camping trip. They expect to go as far north as Eureka and to be gone a month or six weeks. Mrs. Conger accompanied the Thomson family to Alhambra, where she will visit with her daughter, Mrs. Northrup, while they are away.

Dr. and Mrs. L. P. Hitchcock attended the annual picnic given by the ministerial union at Balboa island on Tuesday.

Mr. and Mrs. Frank Collins and daughter, Virginia, spent Sunday at Laguna Beach.

Mr. and Mrs. Tom Ellis spent Sunday at Seal Beach.

George W. Moore and Bert Fitzpatrick spent Sunday afternoon at Laguna Beach.

A jolly picnic party which spent Sunday at Redondo Beach included Mr. and Mrs. John Allen, son Glen; Tom Allen, Mr. and Mrs. D. B. Wait and son, Dan, and Mr. and Mrs. John Ragan. They had expected to go deep-sea fishing, but were disappointed in getting boats.

Mr. and Mrs. W. J. Rasch and children and Mr. and Mrs. W. A. Knuth and daughters returned on Sunday afternoon from their camping trip. They drove up the coast as far as San Luis Obispo and returned by the inland route to Bakersfield and over the Ridge route.

Sunday morning a motor party whose members were Kenneth Bathgate, Mrs. William Bathgate and the Misses Florence Bathgate, Estel Urschel, Susan Collins and Nellie Adams drove down to Valley center to spend the day with S. M. Bathgate. They report a very enjoyable day.

Mrs. Elma Lee, who has been visiting with relatives at Whittier, returned on Monday.

Frank H. Collins had the misfortune to get his foot caught in the washer at the orange house and had the little toe on his right foot badly lacerated.

## EDITORIALS FEATURES

### EVENING SALUTATION

"Your particular work was only loaned to you. It never was yours and will only remain in your keeping as long as you prize it above all things!"

### IT IS A PERSONAL MATTER

As a result of the visit of Jay W. Stevens of the National Board of Fire Underwriters to Santa Ana this week, attention has been called to methods of fire prevention. Interest in more efficient methods of fire fighting has been aroused.

"Help prevent fires," are words appearing on placards in national forests.

These same words ought to be posted in the back yard of every residence in Santa Ana. In some homes the placard might with profit be placed in the parlor and the kitchen, if the statistics presented by the National Board of Fire Underwriters are to be taken to heart.

Recently a careful study of the causes of fires in three boroughs of New York city brought about the gathering of the following statistics on causes of fires:

Carelessness with lighted matches ..... 1366

Children playing with matches ..... 354

Carelessness in smoking ..... 970

Carelessness with candles ..... 409

Carelessness with gas, lights, ranges, etc. .... 530

Overheated stoves, pipes, etc. .... 446

Chimney fires ..... 509

Bonfires, brush fires, etc. .... 698

Miscellaneous partly preventable causes .... 659

These figures are in themselves a warning.

How many people in Santa Ana will take heed?

How many people in Santa Ana are interested enough in doing away with fire hazards in their own homes to take advantage of the offer of Fire Chief Luxembourg, who says that he will go to any residence in the city and point out to the occupants of the place the conditions in the house and on the premises that he believes are a menace to safety?

An authority on finance, after exhaustive investigation, finds that in the United States only one rich man's son in 17 dies rich. Possibly he dies young.

### FOR COMMUNITY SERVICE

That the Santa Ana Chamber of Commerce aims to lead and assist in community betterment is shown in the declarations appearing in the organization's monthly bulletin, entitled "Community Service."

"You give to a great many worthy causes during the course of a year without question," says the bulletin, "dimly realizing that your money is needed for some good cause and that the work must be supported."

"Your opportunity to invest in a Chamber of Commerce membership brings direct results. The work of the Chamber is profitable to you for it is a business organization that is active in service to the community, in enhancing property values by increasing population and fostering civic betterment movements. It works with Santa Ana for Santa Ana, giving many and varied services that redound to the credit and profit of its business and property interests. In order to 'carry on,' the Chamber of Commerce must be supported and offers a paying investment in a GREATER SANTA ANA."

The advice of Secretary of Labor James J. Davis to the National Hardwood Lumber Association ought to sink in. Said he:

"The President and his Cabinet may be doctors, but they are not magicians. They can help industry get well, but they cannot perform miracles. We do not want a sudden rush back to boom time. We know what got us into trouble. Now let's profit by the experience and get back in the right way. The road lies through thrift, modest spending, and hard work. The way to get back to prosperity is to work back."

Ben Franklin could not have better expressed it.

### GOOD SENSE IN CLOTHES

Clothing was originally used for purpose of ornament. Desire for protection from cold and dampness came later.

The amount of clothing required varies greatly according to individual needs and habits, but it is increasingly recognized that light clothing is best, provided that the wearer is really protected from cold, when cold exists.

Clothing should be porous in order to allow ventilation of the body, supported so far as possible from the shoulders, and clean and well aired.

Clothing should not constrict the body or hamper its movements. Perhaps the worst health menace for which clothing is to blame comes from the high-heeled, narrow-toed shoes on which many women prefer to limp through life.

From the health standard, shoes are of great importance. Bad shoes are responsible for many cases of flat feet whose muscles have degenerated through nonuse, and for much so-called "rheumatism," which is merely the protest of abused muscles. Bad shoes also, by distorting the feet, prevent comfortable walking, which is the only out-of-door exercise readily available for the vast majority of people, and still worse, the resulting unnatural position of the body sometimes has serious consequences by bringing injurious strains on other muscles and organs.

While the desire for ornament originated clothing, the desire for ornament is today an essential factor in the making of clothing. But the desire for ornament should not be allowed to interfere with one's health. Clothing should be chosen with a due regard for one's physical well-being.

American delegates to the International Chamber of Commerce convention are working for a permanent committee to push trade, thereby challenging the old view that trade is a question of pull.

### SITES FOR NEW PARKS

The west has several great national parks. The east also has its national parks, though they are far from what they should be. The middle west has none. This lack is felt by many people of that section as an injustice. They have their share of the present national parks, but they cannot enjoy them except after long journeys at great expense. They have, too, their sectional pride.

It is easily objected that the middle west offers no such glorious opportunities for parks as the mountain regions of the east and west, and there is much truth in this. There are, however, several places that are admittedly worth preserving, in their natural beauty, as national playgrounds. There is, for example, the beautiful group of islands clustered around Put-in-

Bay, in Lake Erie. There is Niagara Falls, which is pretty well protected by New York state, but is really a national attraction and might well be recognized and safeguarded as such. There are the Mammoth Caves of Kentucky, one of the veritable wonder spots of the world, whose nationalization has long been urged. There is, too, the remarkable region known as the "sand dunes" of northwestern Indiana, whose preservation as a national park is advocated by every naturalist who is acquainted with it.

There is nowhere in the country anything like those dunes. There are mile after mile of hills, some stationary and forest-covered, with valleys and swamps between, others continually shifting, and all born of the beach sands of Lake Michigan and formed by the wind. It is a botanist's paradise, which is said to surpass in interest any other spot in the temperate zone. There are trees, shrubs and flowers in amazing variety, many of them growing nowhere else in America. The region has little commercial value at present, but is being rapidly encroached upon by industry. As soon as congress has a few thousand dollars to spend for some purely non-political purpose, it might well consider the matter.

Regarding relief and care for men disabled by their war service there is no difference of opinion. Everybody, in public life and private life, wants them to have everything that can possibly help them to recover their health and efficiency. And for all health or efficiency permanently lost, the nation expects to pay liberally. Regarding most of the provisions in the relief measure now pending in congress, there is like agreement. The nation does not want to appear ungrateful or stingy with regard to the millions of men who wore their country's uniform in war time. Any legitimate arrangement whereby they can be helped to take up farms or engage in such other employment as they desire should be fostered by the government, with full public approval.

### Memorials To Marshall

Pasadena Star-News

A sturdy California pioneer, who looms in history, was James W. Marshall, whose discovery of gold in California was an epochal event of the nineteenth century. All that pertains to the life and achievements of this trail blazer in the realm of golden treasure is of interest. Native Daughters and Native Sons of the Golden West have done well in exerting themselves to preserve relics of the discoverer of gold. His cabin and blacksmith shop, in El Dorado county, have been restored to the oldtime conditions and have been dedicated as memorials to Marshall.

That discovery has had profound influence, not only upon California and the west, but upon the world. California has given to the world hundreds of millions of dollars of produced gold, and its stores are far from exhausted. Following the discovery of the precious metal, came the grand rush of '49 and the early '50's—the most spectacular quest of treasure, perhaps, in the history of mankind. That picturesque period should be memorialized, and its history should be written and stressed with fidelity. It brought this state into the eyes of the world, and it has been ever since—not only for its gold but for its manifold other riches—one of the most conspicuous regions on the face of the globe.

### Motor Car Accidents

San Francisco Chronicle

During the last three years and four months 2305 persons have been killed by motor cars in California, as against 1472 killed by all other vehicles. There is nothing deadly in a motor car. Properly driven by sober drivers it is as safe as any other mode of transportation and far safer than railroad engines in a freight yard.

The death toll which it takes is due almost entirely to reckless speeding. The reckless speeding is due partly to inadequate laws, which permit fines instead of jail sentences for speeding, and to the utterly wretched administration of our police and courts, who do nothing to a speeder if he does not kill anybody.

It is a matter which associations of automobile dealers should take up, since nobody else will, for it is doubtless impairing the sale and use of automobiles. Prudent persons are more and more disinclined to take out their cars on days when the roads are crowded.

The penalty for speeding should be jail for the first offense and revocation of license, and that if they are not another person in sight on the road. If we imagine such treatment too severe, the answer is that there would be no speeders except the drunks to receive the penalty, and they ought to go to jail.

### San Bernardino's Opportunity

San Bernardino Telegram

Elaborate plans in the making for a combination of club house and motion picture studio in Big Bear valley mark but another step in the wonderful development program that must ultimately transform the San Bernardino mountains into a summer resort of increasing magnitude. Nature has provided everything by way of climate, topography, and resources—even to gasoline, the primary factor in modern transportation. Where nature ends, man must begin and the proposal to use the motion picture possibilities of the mountains assures progress. Film production is the Midas of the industrial world; it turns to gold whatever it may touch.

As the gateway to the mountains, San Bernardino has before it a harvest of attractive possibilities. It cannot fail to profit more than any other community in the valley from development of mountain attractions. The measure of its excess of prosperity as compared with its neighbors will be the measure of its excess when the unparalleled attractiveness of the mountains has been developed as it should be. The task is one in which San Bernardino should be vitally concerned.

### Editorial Shorts

Mosquitoes are said to be more effective than moralists this summer in modifying feminine fashions.—Stockton Independent.

The commission appointed a couple of years ago to investigate profiteering has already found out that there has been some profiteering.

People who sit around waiting for their ship to come in usually find that it is hardship.—Lincoln (Neb.) Star.

Lloyd George always keeps England in the middle of the stream so there'll be no chance to swap horses.—New York World.

It isn't enough for France to safeguard posterity, she must also provide a posterity to safeguard France.—Pueblo Star Journal.

Germany can not help noting the remarkable change that has taken place in the style of spring drives since 1918.—Toledo Blade.

Germany is marking time, it is announced; it is also announced that the Allies are timing the marks.—Philadelphia North American.

A politically controlled judge can nullify the activities of the police in a thousand ways.—William P. Rutledge, Detroit police superintendent.

Next time, perhaps, Germany will take a good look at the fiddler's schedule of charges and decide she'd rather not dance.—Nashville Tennessean.

### About This Time o' Year

### Today's Talk

by George Matthew Adams

#### WALK STRAIGHT AHEAD!

The objective goal is always—straight ahead. There is only one way to miss it and that is to get off of the straight-ahead road.

And there are plenty of people who do this. The majority of failures in this world are made by those who did not have the vision, the courage and the patience to keep right on going ahead.

The side lines look very attractive at times. And easy jobs flash their false signs. Quick success speaks in a loud voice. But if you want the real article in this life, keep walking straight ahead.

The straight-ahead way is a difficult one at its best—but the short cut is both hard and cruel.

One early learns that he cannot have all. So that to temper one's desires and strive for the most, whereby usefulness shall count for the best—that alone gives compensation.

Walk straight ahead. If you stumble, you will be doing what millions of others have done before you—but the successful ones picked themselves up and went on in fitter form and better heart.

Encouragement is appreciated after bitter discouragements.

After riding over a rough road, what a thrill comes to us on reaching one that is smooth and straight!

Walk straight ahead. You will reach your goal if you lead yourself aright. And remember that when you feel most in failure, then it is that you may be nearest success.

### The Velvet Hammer

By A. B. B.

C. W. McNAUGHT

The bulk of human property's combustible in form and feels that it is called upon to keep the neighbors warm. The gear which people gather in the sordid business game delights to climb the midnight sky on ruddy wings of flame. Unless you're well prepared against that sudden upward puff, you may awake to feel that life is sad and hard and tough.

But not if you have done as many County Farmers ought, insuring with the system which is managed by McNaught. He runs the Farmers' Mutual, which he says keeps premiums here, pays no foreign tribute month by month and year by year to Liverpool or to Hartford, to New York or Liverpool, but works for Orange county, home control and local rule.

He educates the public as to match and cigar and all insurance companies are greatly in his debt. The property we burn, says he, would make us rich in time, and carelessness is foolishness, and foolishness is crime. He is a man whose judgment is serenely safe and sane, the skillful operator of a well developed brain.

### Worth While Verses

#### A SHADOW OF DANTE

So Stroboli retreated in the gloom,  
Flinging red flame and molten lava high,  
A flaring portent: We, who passed it by,  
Carry that lurid memory to the tomb;  
Yet round its crater living flowers bloom,  
The vine, fig, olive, grow and fructify,  
Above it laughs the blue Italian sky,  
A paradise upon the verge of doom.  
As fiery as that red volcanic blast.  
Through years he wrestled with his unseen foe,  
Wailing in pain, "I will not let Thee go,  
Until Thou bless me who have held Thee fast,"  
And so our Dante from his hell of woe  
Arose to paradise and peace at last.

—C. Field, in Westminster Gazette.

#### STRANGE AND WILD

"Do tell us about the Great Wild West," said the impressionable young woman.  
"You may not believe it," replied the tourist, "but I found a little town in North Dakota where there was not a single motion-picture theater."—Birmingham Age-Herald.

#### STILL MISSING

The Police Sergeant: I think we've found your missing wife.  
Mr. Henry Peck: So? What does she say?  
The Sergeant: Nothing.  
Mr. Peck: Says nothing. That's not my wife.

### How Is Your Health?

By Uncle Sam, M. D.

Send health questions to Information Editor, U. S. Public Health Service, Washington, D. C. Give name and address and you'll receive a personal reply.

#### RING WORM

Q. Can you suggest something that will effect a cure for ring worm? For two years I have had something in the form of a ring worm come on my face and arms. They come in a thick raised place in the flesh, then spread and heal in center, always continuing to spread. They are almost around my wrist now. They are raised ridges and the red-like and seem inclined to shed the outer skin like a snake sheds its skin.

A. It is not possible to tell you merely from your letter whether you are suffering from ring worm, or whether it is some other form of trouble. Ring worm is successfully treated by a number of remedies, and in recent years has been treated with considerable success by means of X-rays. If your physician has not helped you, speak to him frankly, and ask him to refer you to some reputable skin specialist.

#### PARALYSIS

Q. I had a stroke several months ago. My left arm is paralyzed from the shoulder down. What is the cause of the stroke? Am I liable to get another? Can the arms and hands be restored to function? How can another stroke be avoided?

A. I am sorry to learn that you have had a "stroke". This term is applied to a number of different conditions, all of them, however, connected with the blood vessels of the brain. In cerebral hemorrhage there is an actual break in a blood vessel in the brain and with this there is more or less destruction of the brain tissue, as a result of the extravasation of the blood.

In cerebral embolism there is a sudden plugging of an artery in the brain with a bit of blood clot, or other material carried in the circulation. As a result of this plugging, the blood supply of a particular section of the brain is cut off, and this leads to more or less destruction of brain function. In cerebral thrombosis there is a gradual formation of a blood clot in a cerebral blood vessel, the condition usually being brought about by a sclerosis of the cerebral arteries.

Under the circumstances, you can readily see how impossible it is to give you specific advice to your other questions. In general, the patient should avoid all excitement or overexertion. Anything which increases cerebral blood pressure, heavy lifting, etc., should be avoided. The diet should be light, easily digested. For more specific information, you must consult your family physician.

#### HEADACHES

Q. I have a very bad headache once a week just above the right eye. It usually lasts about 24 hours, and makes me sick, and weak all over. I have tried different things like aspirin, and nothing seems to do any good. My doctor told me bad teeth must be the cause, so I had all decayed teeth removed last spring, but I still have these bad spells. Don't think it is from my eyes, as I've never had any trouble with them.

A. It is sometimes an extremely difficult matter to determine the cause of localized headaches mentioned in your letter. Some cases of this kind are termed "migraine," but that, after all, is merely a label, and tells nothing about the cause of the trouble. In other instances some inflammation with pus-forming germs appear to be responsible. Such pus germs may come from abscesses of roots of decayed teeth. Not infrequently the pus is located in one of the hollow bones about the face. That is, in the so-called sinuses which communicate with the nose. I have seen cases such as you describe in which the pus was located without the other. Try one now and in the hollow bone beneath the eye, win.

Me and Sid Hunt was setting on Sids front steps and so was Sids little brother Bert, and I sed, Hey Sid, wat do you say lets go around to Sniders and get some ice cream.

G, all rite, sed Sid.  
Can I go with you, sed Sids little brother Bert.

Certyn not, you alnt got eny money to buy eny ice cream, sed Sid.

Well Ill jst set there and watch you 2, sed Bert.  
Like fun you will, sed Sid, and Bert sed, Yes I will too, and Sid sed, Hay wats the matter with you, dont you know wen youre not wanted, and Bert sed, No.

Wich he dont, and I sed, O well we alnt going to get eny ice cream enyway. And I winked at Sid, saying Lets dont get eny ice cream, lets jst take a wawk insted.

G, all rite, thats a good ideer, sed Sid winkin back, and Bert sed, Can I wawk with you?

Certyn not, you cant wawk fast enuf, hurry up, sed Sid. And him and me quick jumped up and started to wawk fast as enything in the oppisite direction to Sniders ice cream place, me saying, This will fool him all rite, well tern around as soon as we get out of site and go back to Sniders, this will fool him all rite.

Sure, gosh, this will fool him all rite, sed Sid. And we started to go back down other streets and wen we got to Sniders who was standing outside waiting but Sids little brother Bert, saying, Hay, I thwat you was going to take a wawk.

Well, wats the matter, cant we wawk past Sniders on the way? I sed, Wich we did, leaving Bert still standing there, and we went to some new place and got the ice cream, not being as good as Sniders but being better than Sniders with Bert sitting there staring at us.

Well, wats the matter, cant we wawk past Sniders on the way? I sed, Wich we did, leaving Bert still standing there, and we went to some new place and got the ice cream, not being as good as Sniders but being better than Sniders with Bert sitting there staring at us.
